This Quarterly Report on Form 10-Q contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. All statements contained in this Quarterly Report on Form 10-Q other than statements of historical fact, including statements regarding our future results of operations and financial position, our business strategy and plans, and our objectives for future operations, are forward-looking statements. The words “believe,” “may,” “will,” “estimate,” “continue,” “anticipate,” “intend,” “expect,” and similar expressions are intended to identify forward-looking statements. We have based these forward-looking statements largely on our current expectations and projections about future events and trends that we believe may affect our financial condition, results of operations, business strategy, short-term and long-term business operations and objectives, and financial needs. These forward-looking statements are subject to a number of risks, uncertainties and assumptions. Moreover, we operate in a very competitive and rapidly changing environment. New risks emerge from time to time. It is not possible for our management to predict all risks, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements we may make. In light of these risks, uncertainties and assumptions, the future events and trends discussed in this Quarterly Report on Form 10-Q may not occur and actual results could differ materially and adversely from those anticipated or implied in the forward-looking statements. We undertake no obligation to revise or publicly release the results of any revision to these forward-looking statements, except as required by law. Given these risks and uncertainties, readers are cautioned not to place undue reliance on such forward-looking statements.

Unless expressly indicated or the context requires otherwise, the terms “BioCorRx,” “company,” “we,” “us,” and “our” in this document refer to BioCorRx, Inc., a Nevada corporation, and, where appropriate, its wholly owned subsidiaries.

BIOCORRX, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2020
(UNAUDITED)

NOTE 1 - BUSINESS

BioCorRx Inc., through its subsidiaries, develops and provides innovative treatment programs for substance use and other related disorders. The BioCorRx ® Recovery Program is a medication-assisted treatment (MAT) program for substance use disorder that includes peer recovery support. The UnCraveRx™ Weight Loss Management Program is a medically assisted weight management program that is combined with a virtual platform application. The full program officially launched October 1, 2019. The Company's majority owned subsidiary BioCorRx Pharmaceuticals Inc. is also engaged in the research and development of sustained release naltrexone products for the treatment of addiction and other possible disorders. Specifically, the Company is developing an injectable (BICX101) and implantable naltrexone (BICX102) with the goal of future regulatory approval with the Food and Drug Administration.

On July 28, 2016, BioCorRx Inc. formed BioCorRx Pharmaceuticals, Inc., a Nevada Corporation, for the purpose of developing certain business lines. In connection with the formation, the newly formed sub issued 24.2% ownership to officers of BioCorRx Inc. with the Company retaining 75.8%. In 2018, BioCorRx Pharmaceuticals, Inc. began operating activities (Note 16).

Effective January 22, 2019, the Company amended its Articles of Incorporation to implement a reverse stock split in the ratio of 1 share for every 100 shares of common stock. As a result, 259,984,655 shares of the Company's common stock were exchanged for 2,599,847 shares of the Company's common stock. These unaudited condensed consolidated financial statements have been retroactively restated to reflect the reverse stock split (See Note 14).

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Interim Financial Statements

The following (a) condensed consolidated balance sheet as of December 31, 2019, which has been derived from audited financial statements, and (b) the unaudited condensed consolidated interim financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States ("GAAP") for interim financial information and the instructions to Form 10-Q and Rule 8-03 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the six months ended June 30, 2020 are not necessarily indicative of results that may be expected for the year ending December 31, 2020. These unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto for the year ended December 31, 2019 included in the Company's Annual Report on Form 10-K, filed with the Securities and Exchange Commission ("SEC") on March 30, 2020.

Basis of presentation

The unaudited condensed consolidated financial statements include the accounts of BioCorRx Inc. and its wholly owned subsidiary, Fresh Start Private, Inc. and its majority owned subsidiary, BioCorRx Pharmaceuticals, Inc. (hereafter referred to as the “Company” or “BioCorRx”). All significant intercompany balances and transactions have been eliminated in consolidation.

Revenue Recognition

The Company recognizes revenue in accordance with Financial Accounting Standards Board “FASB” Accounting Standards Codification “ASC” 606. A five-step analysis a must be met as outlined in Topic 606: (i) identify the contract with the customer, (ii) identify the performance obligations in the contract, (iii) determine the transaction price, (iv) allocate the transaction price to the performance obligations, and (v) recognize revenue when (or as) performance obligations are satisfied. Provisions for discounts and rebates to customers, estimated returns and allowances, and other adjustments are provided for in the same period the related sales are recorded. There were no changes to the Company’s revenue recognition policy from the adoption of ASC 606.

The Company has elected the following practical expedients in applying ASC 606:

- Unsatisfied Performance Obligations - all performance obligations relate to contracts with a duration of less than one year. The Company has elected to apply the optional exemption provided in ASC 606 and therefore, is not required to disclose the aggregate amount of the transaction price allocated to performance obligations that are unsatisfied or partially unsatisfied at the end of the reporting period.
- Contract Costs - all incremental customer contract acquisition costs are expensed as they are incurred as the amortization period of the asset that the Company otherwise would have recognized is one year or less in duration.
- Significant Financing Component - the Company does not adjust the promised amount of consideration for the effects of a significant financing component as the Company expects, at contract inception, that the period between when the entity transfers a promised good or service to a customer and when the customer pays for that good or service will be one year or less.
- Sales Tax Exclusion from the Transaction Price - the Company excludes from the measurement of the transaction price all taxes assessed by a governmental authority that are both imposed on and concurrent with a specific revenue-producing transaction and collected by the Company from the customer.
- Shipping and Handling Activities - the Company elected to account for shipping and handling activities as a fulfillment cost rather than as a separate performance obligation.
- Modified Retrospective Method - the Company adopted ASC 606 on January 1, 2018 utilizing the modified retrospective method allowing the Company to not retrospectively adjust prior periods.

The Company’s net sales are disaggregated by product category. The sales/access fees consist of product sales, which is recognized upon the transfer of promised goods to customers. The distribution rights income consists of the income recognized from the amortization of distribution agreements entered into for its products. The membership/program fees are generated from the Company’s UnCraveRx™ Weight Loss Management Program, which is recognized upon the transfer of promised goods to customers.

[Table of Contents](#)

The following table presents the Company's net sales by product category for the three months ended June 30, 2020 and 2019:

	Three Months Ended June 30,

Deferred revenue:

The Company licenses proprietary products and protocols to customers under licensing agreements that allow those customers to access the products and protocols in services they provide to their customers during the term of the license agreement. The timing and amount of revenue recognized from license agreements depends upon a variety of factors, including the specific terms of each agreement. Such agreements are reviewed for multiple performance obligations. Performance obligations can include amounts related to initial non-refundable license fees for the use of the Company's products and protocols and additional royalties on covered services.

The Company granted license and sub-license agreements for various regions or States in the United States allowing the licensee to market, distribute and sell solely in the defined license territory, as defined, the products provided by the Company. The agreements are granted for a defined period or perpetual and are effective as long as annual milestones are achieved.

Terms for payments for licensee agreements vary from full cash payment to defined terms. In cases where license or sub-license fees are uncollected or deferred; the Company nets those uncollected fees with the deferred revenue for balance sheet presentation.

The Company amortizes license fees over the shorter of the economic life of the related contract life or contract terms for each licensee.

On October 1, 2019, the Company launched the UnCraveRx™ Weight Loss Management Program. Customers are charged a membership fee and are requested to pay for three training programs at inception. The payment are recorded as deferred revenue until earned.

Table of Contents

The following table presents the changes in deferred revenue, reflected as current and long term liabilities on the Company's condensed consolidated balance sheet:

Balance as of December 31, 2019	
Short term	\$ 134,924
Long term	103,313
Total as of December 31, 2019	\$ 238,237
Cash payments received	2,649
Net sales recognized	(58,590)
Balance as of June 30, 2020	182,296
Less short term	95,077
Long term	\$ 87,219

During the six months ended June 30, 2020, the Company also had \$12,000 in its revenues related to access fees, which were not included in deferred revenue.

Deferred Revenue-Grant

The Company recognizes grant revenues in the period during which the related research and development costs are incurred. The timing and amount of revenue recognized from reimbursement for research and development costs depends upon the specific terms for the contracted work. Such costs are reviewed for multiple performance obligations which can include amounts related to contracted work performed or as milestones have been achieved.

Use of Estimates

The preparation of the unaudited condensed consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include assumptions used in the fair value of stock-based compensation, the fair value of other equity and debt instruments, fair value of intangible assets, useful lives of assets and allowance for doubtful accounts.

Accounts Receivable

Accounts receivable are recorded at original invoice amount less an allowance for uncollectible accounts that management believes will be adequate to absorb estimated losses on existing balances. Management estimates the allowance based on collectability of accounts receivable and prior bad debt experience. Accounts receivable balances are written off against the allowance upon management's determination that such accounts are uncollectible. Recoveries of accounts receivable previously written off are recorded when received. Management believes that credit risks on accounts receivable will not be material to the financial position of the Company or results of operations. The allowance for doubtful accounts was \$0 and \$0 as of June 30, 2020 and December 31, 2019, respectively.

Fair Value of Financial Instruments

Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of June 30, 2020 and December 31, 2019. The respective carrying value of certain financial instruments approximated their fair values. These financial instruments include cash, accounts receivable, grant receivable, accounts payable, other receivable and accrued expenses, and notes payable. The fair value of lease liability is based on the present value of future lease payments at a discount rate of 8% over the lease term. The fair value of royalty obligation is calculated by the Probability Weighted Expected Return Model, which projects various scenarios of future treatment sales, and then calculates the associated payment value of the royalty. The carrying value of lease liability and royalty obligation on the unaudited condensed consolidated balance sheet approximates their fair value.

See Note 14 and 15 for stock based compensation and other equity instruments.

Segment Information

Accounting Standards Codification subtopic Segment Reporting 280-10 (“ASC 280-10”) establishes standards for reporting information regarding operating segments in annual financial statements and requires selected information for those segments to be presented in interim financial reports issued to stockholders. ASC 280-10 also establishes standards for related disclosures about products and services and geographic areas. Operating segments are identified as components of an enterprise about which separate discrete financial information is available for evaluation by the chief operating decision maker, or decision-making group, in making decisions how to allocate resources and assess performance. The information disclosed herein materially represents all of the financial information related to the Company’s principal operating segment.

Long-Lived Assets

The Company follows a “primary asset” approach to determine the cash flow estimation period for a group of assets and liabilities that represents the unit of accounting for a long-lived asset to be held and used. Long-lived assets to be held and used are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The carrying amount of a long-lived asset is not recoverable if it exceeds the sum of the undiscounted cash flows expected to result from the use and eventual disposition of the asset. Long-lived assets to be disposed of are reported at the lower of carrying amount or fair value less cost to sell.

The Company evaluates the recoverability of long-lived assets based upon forecasted undiscounted cash flows. Should impairment in value be indicated, the carrying value of the assets will be adjusted, based on estimates of future discounted cash flows resulting from the use and ultimate disposition of the asset. No impairment was recognized for the six months ended June 30, 2020 and 2019.

Intangible Assets

Intangible assets with finite lives are amortized over their estimated useful lives. Intangible assets with indefinite lives are not amortized but are tested for impairment annually or whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. No impairment was recognized for the six months ended June 30, 2020 and 2019.

Property and Equipment

Property and equipment are stated at cost, less accumulated depreciation. Depreciation is calculated using the straight-line method over the asset’s estimated useful life of 5 to 15 years. Expenditures for maintenance and repairs are expensed as incurred. When retired or otherwise disposed, the related carrying value and accumulated depreciation are removed from the respective accounts and the net difference less any amount realized from disposition is reflected in earnings.

Leases

The Company determines if an arrangement is a lease at inception. Operating lease right-of-use assets (“ROU assets”) and short-term and long-term lease liabilities are included on the face of the unaudited condensed consolidated balance sheet.

ROU assets represent the right to use an underlying asset for the lease term and lease liabilities represent the Company’s obligation to make lease payments arising from the lease. Operating lease ROU assets and liabilities are recognized at commencement date based on the present value of lease payments over the lease term. As most of the Company’s leases do not provide an implicit rate, the Company uses an incremental borrowing rate based on the information available at commencement date in determining the present value of lease payments. The Company’s lease terms may include options to extend or terminate the lease when it is reasonably certain that the Company will exercise that option. Lease expense for lease payments is recognized on a straight-line basis over the lease term. The Company has lease agreements with lease and non-lease components, which are accounted for as a single lease component. For lease agreements with terms less than 12 months, the Company has elected the short-term lease measurement and recognition exemption, and it recognizes such lease payments on a straight-line basis over the lease term.

Net Loss Per Share

The Company accounts for net loss per share in accordance with Accounting Standards Codification subtopic 260-10, Earnings Per Share (“ASC 260-10”), which requires presentation of basic and diluted earnings per share (“EPS”) on the face of the statement of operations for all entities with complex capital structures and requires a reconciliation of the numerator and denominator of the basic EPS computation to the numerator and denominator of the diluted EPS.

Basic net loss per share is computed by dividing net loss by the weighted average number of shares of common stock outstanding during each period. It excludes the dilutive effects of any potentially issuable common shares. The effect of common stock equivalents is anti-dilutive with respect to losses and therefore basic and dilutive is the same.

Diluted net loss per share is calculated by including any potentially dilutive share issuances in the denominator. The following securities are excluded from the calculation of weighted average diluted shares at June 30, 2020 and 2019, respectively, because their inclusion would have been anti-dilutive.

	Six Months Ended	
	June 30,	
	2020	2019
Shares underlying options outstanding	\$ 831,131	\$ 843,630
Shares underlying warrants outstanding	72,500	85,250
Shares underlying convertible notes outstanding	-	2,227,575
Convertible preferred stock outstanding	240,000	240,000
	<u>\$ 1,143,631</u>	<u>\$ 3,396,455</u>

Advertising

The Company follows the policy of charging the costs of advertising to expense as incurred. The Company charged to operations \$132,744 and \$262,125 as advertising costs for the three and six months ended June 30, 2020 and \$30,061 and \$50,564 for the three and six months ended June 30, 2019, respectively.

Grant Income

On January 17, 2019, the Company received a Notice of Award from the United States Department of Health and Human Services for a grant from the National Institutes of Health (“NIH”) in support of BICX102 from the National Institute on Drug Abuse. The grant provides for (i) \$2,842,430 in funding during the first year and (ii) \$2,831,838 during the second year subject to the terms and conditions specified in the grant, including satisfactory progress of project and the availability of funds. Grant payments received prior to the Company’s performance of work required by the terms of the research grant are recorded as deferred income and recognized as grant income once work is performed and qualifying costs are incurred. \$3,445,134 in grant funds were received and (i) \$2,105,452 were recorded as grant income, (ii) 1,153,017 were recorded as deferred income and (iii) 186,665 were recorded as payment on accounts receivable during the six months ended June 30, 2020.

Research and Development Costs

The Company accounts for research and development costs in accordance with the Accounting Standards Codification subtopic 730-10, Research and Development (“ASC 730-10”). Under ASC 730-10, all research and development costs must be charged to expense as incurred. Accordingly, internal research and development costs are expensed as incurred. Third-party research and development costs are expensed when the contracted work has been performed or as milestone results have been achieved. Company-sponsored research and development costs related to both present and future products are expensed in the period incurred. The Company incurred research and development expenses of \$1,345,094 and \$2,055,604 for the three and six months ended June 30, 2020 and \$135,138 and \$281,103 for the three and six months ended June 30, 2019, respectively.

Stock Based Compensation

Share-based compensation issued to employees is measured at the grant date, based on the fair value of the award, and is recognized as an expense over the requisite service period. The Company measures the fair value of the share-based compensation issued to non-employees at the grant date using the stock price observed in the trading market (for stock transactions) or the fair value of the award (for non-stock transactions), which were considered to be more reliably determinable measures of fair value than the value of the services being rendered.

Income Taxes

Deferred income tax assets and liabilities are determined based on the estimated future tax effects of net operating loss and credit carry forwards and temporary differences between the tax basis of assets and liabilities and their respective financial reporting amounts measured at the current enacted tax rates. The Company records an estimated valuation allowance on its deferred income tax assets if it is more likely than not that these deferred income tax assets will not be realized.

The Company recognizes a tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. The tax benefits recognized in the consolidated financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. As of June 30, 2020, and December 31, 2019, the Company has not recorded any unrecognized tax benefits.

Royalty Obligations, net

The Company accounted for royalty obligations as debt in accordance with ASC 470-10-25 and derived a debt discount, which is amortized using the effective interest method over the expected life of the arrangement, which is 15 years. The Company has no obligation to repay the then outstanding balance if during the expected life of 15 years the treatment is discontinued. In order to record the discount of the liability, the Company fair valued the royalty and the difference between fair value of the royalty obligation and the gross projected future payments was \$7,171,200 and was recorded as non-cash interest expense over the life of the liability and offset to additional paid in capital at inception.

Recent Accounting Pronouncements

There are various updates recently issued, most of which represented technical corrections to the accounting literature or application to specific industries and are not expected to have a material impact on the Company's financial position, results of operations or cash flows.

NOTE 3 - GOING CONCERN AND MANAGEMENT'S LIQUIDITY PLANS

As of June 30, 2020, the Company had cash of \$1,464,086 and working capital deficit of \$860,484. During the six months ended June 30, 2020, the Company used net cash in operating activities of \$1,214,766. The Company has not yet generated any significant revenues and has incurred net losses since inception. These conditions raise substantial doubt about the Company's ability to continue as a going concern.

The Company's primary source of operating funds since inception has been from proceeds from private placements of convertible and other debt and the sale of common stock. The Company intends to raise additional capital through private placements of debt and equity securities, but there can be no assurance that these funds will be available on terms acceptable to the Company, or will be sufficient to enable the Company to fully complete its development activities or sustain operations. If the Company is unable to raise sufficient additional funds, it will have to develop and implement a plan to further extend payables, reduce overhead, or scale back its current business plan until sufficient additional capital is raised to support further operations. There can be no assurance that such a plan will be successful.

In December 2019, a novel strain of coronavirus (COVID-19) surfaced. The spread of COVID-19 around the world in the first quarter of 2020 has caused significant volatility in U.S. and international markets. There is significant uncertainty around the breadth and duration of business disruptions related to COVID-19, as well as its impact on the U.S. and international economies and, as such, the Company is unable to determine if it will have a material impact to its operations.

On March 27, 2020, the Coronavirus Aid Relief, and Economic Security (CARES) Act was signed into law to provide economic relief in the early wake of the COVID-19 pandemic. The Company applied for both the Economic Injury Disaster Loan (the "EIDL") and Paycheck Protection Program (the "PPP"), which were created under the CARES Act and administrated by the U.S. Small Business Administration (the "SBA"). On April 28, 2020, the Company received \$5,000 from SBA as an advance on the EIDL. On May 22, 2020, the Company received a loan of \$28,000 from Citizens Business Bank on the PPP. The Company believes that its current cash on hand will not be sufficient to fund its projected operating requirements for the next twelve months following the filing of this report.

Accordingly, the accompanying unaudited condensed consolidated financial statements have been prepared in conformity with GAAP, which contemplate continuation of the Company as a going concern and the realization of assets and satisfaction of liabilities in the normal course of business. The carrying amounts of assets and liabilities presented in the financial statements do not necessarily purport to represent realizable or settlement values. The unaudited condensed consolidated financial statements do not include any adjustment that might result from the outcome of this uncertainty.

The interest expense during the three and six months ended June 30, 2019 was \$82,972 and 165,032, respectively. No interest expense and amortization of debt discount were recorded during the three and six months ended June 30, 2020.

NOTE 11 - NOTES PAYABLE-RELATED PARTIES

As of June 30, 2020, and December 31, 2019, the Company had advances from Kent Emry (member of the Company's Board of Directors). The balance outstanding as of June 30, 2020 and December 31, 2019 was \$1,500.

On January 26, 2018, the Company issued to Joe Galligan (a holder of between 5% and 10% of the Company's shares of common stock) one unsecured promissory note of \$125,000 bearing interest at 8% per annum with both principal and initially interest due July 26, 2018. In connection with the note issuance, the Company issued 50,000 shares of the Company's common stock to Joe Galligan. The fair value of the common stock at the date of issuance of \$12,750 was recorded as a debt discount and is amortized as interest expense over the term of the note. On January 26, 2019, the note was extended until September 26, 2019. On September 23, 2019, the note was extended until September 26, 2020. On December 31, 2019, the note was extended until December 31, 2020. The balance outstanding as of June 30, 2020 and December 31, 2019 was \$125,000.

On January 22, 2013, the Company issued an unsecured promissory note payable to Kent Emry for \$200,000 due January 1, 2018, with a stated interest rate of 12% per annum beginning six months from issuance, payable monthly. Principal payments were due starting February 1, 2015 at \$6,650 per month. The lender has an option to convert the note to licensing rights for the State of Oregon. The Company currently is in default of the principal and interest. The note holder subsequently became an officer of the Company. The balance outstanding as of June 30, 2020 and December 31, 2019 was \$163,610.

The interest expense during the three months and six months ended June 30, 2019 were \$7,425 and \$14,769, respectively. NOTE 12 – PAYCHECK PROTECTION PROGRAM LOAN

On May 14, 2020 the Company executed a promissory note (the “PPP Loan”) evidencing an unsecured loan in the amount of \$28,000 under the PPP, which was established under the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) and is administered by SBA. The Loan has been made through Citizens Business Bank (the “Lender”).

The PPP Loan has a two-year term and bears interest at a rate of 1.00% per annum. Monthly principal and interest payments are deferred for six months. Beginning seven months from the date of the PPP Loan, the Company is required to make monthly payments of principal and interest of approximately \$1,575 to the Lender.

The PPP Loan contains customary events of default relating to, among other things, payment defaults, providing materially false and misleading representations to the SBA or Lender, or breaching the terms of the PPP Loan documents. The occurrence of an event of default may result in the immediate repayment of all amounts outstanding, collection of all amounts owing from the Company, or filing suit and obtaining judgment.

Under the terms of the CARES Act, PPP loan recipients can apply for and be granted forgiveness for all or a portion of loan granted under the PPP. Such forgiveness will be determined, subject to limitations, based on the use of loan proceeds for payment of payroll costs and any payments of mortgage interest, rent, and utilities. However, no assurance is provided that forgiveness for any portion of the PPP Loan will be obtained.

NOTE 13 - ROYALTY OBLIGATIONS, NET

In March 2019, the Company entered into two Subscription and Royalty Agreements (the “Subscription and Royalty Agreements”). One was with Louis and Carolyn Lucido CRT LLC, managed by Mr. Louis Lucido, a member of the Company’s Board of Directors (the “Board”), and the other one was with the J and R Galligan Revocable Trust, managed by Mr. Joseph Galligan, a holder of between 5% and 10% of the Company’s shares of common stock. Pursuant to the Subscription and Royalty Agreements: (i) Each party would purchase shares of the Company’s common stock, par value \$0.001 per share (the “Common Stock”), in the aggregate amount of \$3,000,000 at a purchase price of \$15.00 per share (the “Purchase Price”), for a total of 200,000 shares of Common Stock; and (ii) the Company shall pay each (a) a total of \$37.50 from the gross revenue derived from each of its weight loss treatments sold in the United States starting on the first (1st) day that the first unit of the treatment is sold (the “Initial Sales Date”) and ending on the third (3rd) anniversary of the Initial Sales Date; and (b) a total of \$25.00 from the gross revenue derived from each of its weight loss treatments sold in the United States starting on the day following the third (3rd) anniversary of the Initial Sales Date and ending on the fifteenth (15th) anniversary of the Initial Sales Date (the “Royalty”).

Table of Contents

Under the Lucido agreement, the Company will use no less than 65% of the proceeds of the aggregate Purchase Price of the Lucido Subscription and Royalty Agreement exclusively to develop, launch and expand the Company's weight loss program (the "Business") including sales and marketing activities directly related to the Business, and shall be free to use up to 35% of the aggregate Purchase Price of the Lucido Subscription and Royalty Agreement for general working capital and administration, and for further product development. As of June 30, 2020, the Company is in compliance with the use of proceeds requirement.

With the prior written consent of Mr. Lucido, the Company may use more than 35% of the aggregate Purchase Price for general working capital and administration, and for further product development. Under the second agreement, the Company will have complete discretion as to the exact amount of the aggregate purchase price to be allocated to the development and expansion of the Business.

The Company accounted for this transaction as debt in accordance with ASC 470-10-25 and derived a debt discount, which is amortized using the effective interest method over the expected life of the arrangement, which is 15 years. The Company has no obligation to repay the then outstanding balance if during the expected life of 15 years the treatment is discontinued. In order to record the discount of the liability, the Company fair valued the royalty and the difference between fair value of the royalty obligation and the gross projected future payments was \$7,171,200 and was recorded as non-cash interest expense over the life of the liability and offset to additional paid in capital at inception.

During the three months and six months ended June 30, 2019, the Company amortized \$115,334 and \$115,334 as interest expenses, respectively.

During the three and six months ended June 30, 2020, the Company amortized \$118,554 and \$237,108 as interest expense, respectively.

NOTE 15 - STOCK OPTIONS AND WARRANTS

Options

On November 13, 2014, our Board of Directors authorized and approved the adoption of the Plan effective November 13, 2014 (2014 Stock Option Plan) under which an aggregate of 20% (290,879 shares) of the issued and outstanding shares may be issued. The plan shall terminate ten years after the plan's adoption by the board of directors. We granted an aggregate 145,000 stock options. As of June 30, 2020, an aggregate total of 145,879 can still be granted under the plan.

On June 15, 2016, our board of Directors authorized and approved the adoption of the Equity Incentive Plan effective June 15, 2016 (2016 Equity Incentive Plan) under which an aggregate of 656,250 shares may be issued. The plan shall terminate ten years after the plan's adoption by the board of directors. We granted an aggregate of 330,350 stock options. As of June 30, 2020, an aggregate total of 325,900 options can still be granted under the plan.

On May 15, 2018, the Board of Directors approved and adopted the BioCorRx Inc. 2018 Equity Incentive Plan (2018 Stock Option Plan) under which an aggregate of 450,000 shares may be issued. The plan shall terminate ten years after the plan's adoption by the board of directors. The company has granted an aggregate of 355,781 stock options. As of June 30, 2020, an aggregate total of 94,219 options can still be granted under the plan.

During the six months ended June 30, 2020, the Company extended the exercise period of 15,000 vested options from February 1, 2020 to January 31, 2024. Incremental compensation resulted from the extension of the exercise period was \$39,365 and was recorded to current period.

During the six months ended June 30, 2020, the Company approved the grant of 8,334 stock options to a consultant valued at \$9,809. The term of the options was three years, and the vesting period of the options ranges from immediately to one year.

Option valuation models require the input of highly subjective assumptions. The fair value of stock-based payment awards was estimated using the Black-Scholes option model with a volatility figure derived from using the Company's historical stock prices. The Company accounts for the expected life of options based on the contractual life of options for non-employees. For employees, the Company accounts for the expected life of options in accordance with the "simplified" method, which is used for "plain-vanilla" options, as defined in the accounting standards codification. The risk-free interest rate was determined from the implied yields of U.S. Treasury zero-coupon bonds with a remaining life consistent with the expected term of the options.

In applying the Black-Scholes option pricing model, the Company used the following assumptions:

Risk-free interest rate	0.29%
Expected term (years)	3.00
Expected volatility	112.97%
Expected dividends	0.00

As of June 30, 2020, stock-based compensation related to options of \$18,202 remains unamortized and is expected to be amortized over the weighted average remaining period of 16.0 months.

Warrants

The outstanding Warrants contain provisions, often referred to as "down-round protection" that has led to adjustments of the exercise price and number of underlying warrant shares with respect to future issuances by the Company of its securities, including its common stock or convertible securities or debt securities. On January 1, 2018, the Company adopted ASU 2017-11 by electing the retrospective method to the outstanding financial instruments with a down round feature by means of a cumulative-effect adjustment to the statement of financial position as of the beginning of the fiscal year. Accordingly, the Company reclassified the fair value of the reset provisions embedded in previously issued warrants with embedded anti-dilutive provisions from liability to equity (accumulated deficit) in aggregate of \$175,975.

NOTE 19 - COMMITMENTS AND CONTINGENCIES

Lucido Subscription and Royalty Agreement

On March 28, 2019, the Company entered into a Subscription and Royalty Agreement (the “Lucido Subscription and Royalty Agreement”) with Louis and Carolyn Lucido CRT LLC, managed by Mr. Louis Lucido, a member of the Company’s Board of Directors (the “Board”).

Pursuant to the Lucido Subscription and Royalty Agreement: (i) Mr. Lucido purchased shares of the Company’s common stock, par value \$0.001 per share (the “Common Stock”), in the aggregate amount of \$3,000,000 at a purchase price of \$15.00 per share (the “Purchase Price”), for a total of 200,000 shares of Common Stock; and (ii) the Company shall pay Lucido (a) a total of \$37.50 from the gross revenue derived from each of its weight loss treatments sold in the United States starting on the first (1st) day that the first unit of the treatment is sold (the “Initial Sales Date”) and ending on the third (3rd) anniversary of the Initial Sales Date; and (b) a total of \$25.00 from the gross revenue derived from each of its weight loss treatments sold in the United States starting on the day following the third (3rd) anniversary of the Initial Sales Date and ending on the fifteenth (15th) anniversary of the Initial Sales Date (the “Royalty”). The Company will use no less than 65% of the proceeds of the aggregate Purchase Price of the Lucido Subscription and Royalty Agreement exclusively to develop, launch and expand the Company’s weight loss program (the “Business”) including sales and marketing activities directly related to the Business, and shall be free to use up to 35% of the aggregate Purchase Price of the Lucido Subscription and Royalty Agreement for general working capital and administration, and for further product development. With the prior written consent of Mr. Lucido, the Company may use more than 35% of the aggregate Purchase Price for general working capital and administration, and for further product development.

The Company issued 200,000 common shares to Lucido on March 28, 2019 and recorded the fair value of the shares in equity. The Company recorded a liability for the Royalty when the obligation began upon the receipt of proceeds in April 2019.

Galligan Subscription and Royalty Agreement

On April 1, 2019, the Company entered into a Subscription and Royalty Agreement (the “Galligan Subscription and Royalty Agreement” and, together with the Lucido Subscription and Royalty Agreement, the “Agreements”) with the J and R Galligan Revocable Trust, managed by Mr. Joseph Galligan, a holder of between 5% and 10% of the Company’s shares of common stock. Although the Galligan Subscription and Royalty Agreement was dated March 27, 2019, it did not become effective until it was fully executed on April 1, 2019. The terms and conditions of the Galligan Subscription and Royalty Agreement (including the amount of shares of Common Stock purchased, the Purchase Price, and the terms of the Royalty) are substantially the same as the Lucido Subscription and Royalty Agreement except that the Company will have complete discretion as to the exact amount of \$3,000,000 of the Galligan Subscription and Royalty Agreement to be allocated to the development and expansion of the Business.

The Company issued 200,000 common shares to Galligan on March 28, 2019 and recorded the fair value of the shares in equity. The Company recorded a liability for the Royalty when the obligation began upon the receipt of proceeds in April 2019.

Royalty agreement

Alpine Creek Capital Partners LLC

On December 10, 2015, the Company entered into a royalty agreement with Alpine Creek Capital Partners LLC (“Alpine Creek”). The Company is in the business of selling a distinct implementation of the BioCorRx Recovery Program, a two-tiered comprehensive MAT program, which includes a counseling program, coupled with its proprietary Naltrexone Implant (the “Treatment”).

In consideration for the payment, with the exception of treatments conducted in certain territories, the Company will pay Alpine Creek fifty percent (50%) of the Company’s gross profit for each Treatment sold in the United States that includes procurement of the Company’s implant product until the Company has paid Alpine Creek \$1,215,000. In the event that the Company has not paid Alpine Creek \$1,215,000 within 24 months of the Effective Date, then the Company shall continue to pay Alpine Creek fifty percent (50%) for each Treatment following the Effective Date until the Company has paid Alpine Creek an aggregate of \$1,620,000, with the exception of treatments conducted in certain territories. Upon the Company’s satisfaction of these obligations, the Company shall pay Alpine Creek \$100 for each treatment sold in the United States that includes procurement of the Company’s implant product, into perpetuity. The amount of royalty due for the year ended December 31, 2019 is \$3,503. As of December 31, 2019, \$85,805 is owed to Alpine Creek, which was paid subsequently in January 2020. As of June 30, 2020, the amount of royalty due was \$65.

On any other proprietary implant distribution, that excludes the “treatment”, for alcohol and opioid addiction and for which no other payment is due, the Company shall pay 2.5% of the Company’s gross profit for implant distribution not to exceed \$100 per sale. As of June 30, 2020, the amount of royalty due was \$0.

BICX Holding Company LLC

Effective September 30, 2019, the Company entered into a Conversion Agreement (the “Conversion Agreement”) with BICX Holding Company LLC (“BICX”), an entity controlled by Alpine Creek, pursuant to which the parties agreed to the conversion (the “Conversion”) of the Senior Secured Convertible Promissory Note in the principal amount of \$4,160,000 (the “Note”), which was issued by the Company to the Investor on June 10, 2016, into 2,227,575 shares of the Company’s common stock (the “Conversion Shares”).

In connection with the Conversion Agreement, the Company and BICX entered into a Lock-Up Agreement (the “Lock-Up Agreement”) pursuant to which the Investor will not sell, or otherwise dispose of the Conversion Shares, during the period commencing on October 1, 2019 and ending six (6) months following the initial closing of the Company’s intended public offering of its securities to raise gross proceeds to the Company of at least \$10,000,000 (subject to adjustment in the Company’s sole discretion) (the “Public Offering”). In the event that the Public Offering is terminated or abandoned prior to closing then the lock-up shall expire upon the later of the date which is six (6) months from September 30, 2019 or thirty (30) days from the date of such termination or abandonment.

[Table of Contents](#)

In accordance with the Conversion Agreement, the Company cannot, through September 29, 2021, enter into any agreement to issue or announce the issuance or proposed issuance of any shares of common stock or common stock equivalents at an issuance price below \$2.00 per share.

Pursuant to the Conversion Agreement, BICX has agreed that the Total Interest Payment (as defined in the Conversion Agreement) that would have been due under the Note, in the amount of \$1,138,157, will be reflected on the Company's financial statements as an amount due and owing to the Investor to be repaid within twelve (12) months of the closing of the Public Offering, or if the Public Offering is terminated or abandoned prior to closing, then on or before such date that is no later than twelve (12) months from the date of such termination or abandonment.

Business Overview

BioCorRx Inc., through its subsidiaries, develops and provides innovative treatment programs for substance use and related disorders. The BioCorRx® Recovery Program is a medication-assisted treatment (MAT) program for substance use disorder that includes peer recovery support. The UnCraveRx™ Weight Loss Management Program is a medically assisted weight management program that is combined with a virtual platform application. The program officially launched on October 1, 2019. The Company is also engaged in the research and development of sustained release naltrexone products for the treatment of addiction and other possible disorders. Specifically, the company is developing its product candidate (BICX101) a sustained release, injectable naltrexone for the treatment of opioid abuse and alcoholism. The company is also developing an implantable naltrexone treatment (BICX102) a long-acting naltrexone implant that can last several months for the treatment of opioid dependence and alcohol use disorders with the goal of future regulatory approval with the Food and Drug Administration.

The BioCorRx® Recovery Program is a comprehensive addiction program which includes peer support and Cognitive Behavioral Therapy (CBT) modules (typically completed in 16 sessions on average but not limited to), coupled with a naltrexone implant. CBT is an evidence based method that can be used to change thoughts, feelings, behaviors and improve overall life satisfaction, The implant is specifically compounded with a prescription from a medical doctor for each individual and is designed to release naltrexone into the body over multiple months. The naltrexone implant means a single administration, long acting naltrexone pellet(s) that consists of a naltrexone formulation in a biodegradable form that is suitable for subcutaneous implantation in a particular patient.

BioCorRx is not a licensed health care provider and does not provide health care services to patients. BioCorRx does not operate substance abuse clinics. BioCorRx makes the BioCorRx Recovery Program and UnCraveRx® Weight Loss Management Program available to health care providers to utilize when the health care provider determines it is medically appropriate and indicated for his or her patients. Any physician or medical professional is solely responsible for treatment options prescribed or recommended to his or her patients. At all times, such providers retain complete and exclusive authority, responsibility, supervision and control over their medical practice, their patients, the treatment that their patients receive and any decision to prescribe the implant to any of the provider's patients.

BioCorRx does not condition its license to health care providers accessing the implant on their making available the Cognitive Behavioral Therapy ("CBT") Program to the providers' patients although BioCorRx certainly encourages that providers do so.

BioCorRx has issued several license and distribution agreements to several unrelated third parties involving the establishment of alcoholism and opioid addiction rehabilitation and treatment centers and creating certain addiction rehabilitation programs. There are 12 licensed providers throughout the United States that offer the BioCorRx Recovery Program and 5 providers throughout the United States that offer the UnCraveRx® Weight Loss Management Program. The company's current focus will continue on wider distribution across the United States, branding of the BioCorRx Recovery Program and acquisition of healthcare related products and services. The Company is committed to continuing to provide excellent rehabilitation products and related services to healthcare providers nationwide as it expands the distribution of the BioCorRx Recovery Program and UnCraveRx® Weight Loss Management Program to a network of independent licensed clinics and licensed healthcare professionals.

The Company's subsidiary, BioCorRx Pharmaceuticals, is focused on acquiring and the development of products for the treatment of addiction and other possible disorders. Specifically, the company is developing injectable and implantable naltrexone with the goal of future regulatory approval with the Food and Drug Administration. The Company's pipeline includes BICX101 for the treatment of opioid addiction and alcoholism as well as BICX102 for the same indications.

In August 2017, the Company announced that it had decided to seek U.S. Food and Drug Administration (the "FDA") approval on BICX102 in advance of BICX101. Product candidate BICX102 is a long-acting naltrexone implant that can last several months being developed for opioid dependence and alcohol use disorders. The pre-IND meeting date for BICX102 took place on January 24, 2018. On February 12, 2018, the Company announced that the FDA deemed the 505(b)(2) pathway as an acceptable route for approval for BICX102; the Company plans to apply for dual indications, both opioid use disorder and alcohol use disorder, within the same application. A grant application was submitted to the National Institutes of Health on May 14, 2018 for funding the development and study plans for BICX102. On January 17, 2019, the Company received a Notice of Award from the United States Department of Health and Human Services for a grant from the National Institutes of Health ("NIH") in support of BICX102 from the National Institute on Drug Abuse. The grant provides for (i) \$2,842,430 in funding during the first year and (ii) \$2,831,838 during the second year subject to the terms and conditions specified in the grant, including satisfactory progress of project and the availability of funds. On January 30, 2020, the Company was notified by NIH that the second-year funding has been approved. In January 2020, the Company was awarded a second year of funding from the National Institute on Drug Abuse ("NIDA") to support the development of a 3-month implantable depot pellet of naltrexone for the treatment of Opioid Use Disorder, which the Company refers to as BICX102. The grant provides for \$2,831,838 during the second year subject to the terms and conditions specified in the grant, including satisfactory progress of project and availability of funds. \$3,445,134 in grant funds were received and (i) \$2,105,452 were recorded as grant income, (ii) \$1,153,017 were recorded as deferred income and (iii) \$186,665 were recorded as payment on accounts receivable during the six months ended June 30, 2020.

The UnCraveRx® Weight Loss Management Program is a comprehensive 3-month medically assisted weight management program that helps to reduce food cravings combined with on-demand virtual lifestyle support, fitness and nutrition. The program officially launched on October 1, 2019.

If determined medically appropriate by a patient's treating physician and under his/her medical supervision, an anti-craving medication may be prescribed to help reduce food cravings. The benefits of using the anti-craving time released medication is that it may aid in compliance. BioCorRx® does not sell, manufacture, or compound any drugs or pharmaceuticals for the program.

Training is required to assist the treating physician in making the best medical decision regarding the use of the anti-craving medication and determine whether the program is right for the patient.

Recent Developments

On January 16, 2018, majority shareholders holding 59% of the voting equity voted to grant discretionary authority to the Board of Directors of the Company (the "Board"), at any time or times for a period of 12 months after the date of the written consent, to adopt an amendment to the Company's articles of incorporation to effect a reverse split of its issued and outstanding common stock in a range of not less than 1-for-5 and not more than 1-for-500 (the "Reverse Stock Split"). The Reverse Stock Split was filed with the Secretary of State of the State of Nevada and subsequently approved by the Financial Industry Regulatory Authority (FINRA) on January 18, 2019 and took effect on January 22, 2019. Three months ended June 30,	2020	2019
Net Revenues	\$ 33,695	\$ 65,976
Total Operating Expenses	(2,187,912)	(1,665,880)
Net Interest Expense	(125,628)	(583,308)
Grant income	1,541,366	127,737
Other miscellaneous income	-	14,517
Net loss	(738,479)	(2,040,958)
Non-controlling interest	3,042	1,427
Net loss attributable to BioCorRx Inc.	<u>\$ (735,437)</u>	<u>\$ (2,039,531)</u>

Revenues

Total net revenues for the three months ended June 30, 2020 were \$33,695 compared with \$65,976 for the three months ended June 30, 2019, reflecting a decrease of 48.9%. Sales/access fees for three months ended June 30, 2020 and 2019 were \$3,750 and \$7,500, respectively, reflecting a decrease of \$3,750. The primary reason for the decrease in 2020 is directly related to the reduced number of patients treated at licensed clinics and BioCorRx Recovery Program distribution. Distribution rights income for three months ended June 30, 2020 and 2019 were \$28,645 and \$58,476, respectively, reflecting a decrease of \$29,831. The primary reason for the decrease in distribution rights income was due to the deferred revenues from certain licenses were fully amortized. Membership/program fees for the three months ended June 30, 2020 and 2019 were \$1,300 and \$0, respectively. The primary reason for the increase in 2020 was due to the Company's UnCraveRx™ Weight Loss Management Program launched in October 2019.

Total Operating Expenses

Total operating expenses for the three months ended June 30, 2020 and 2019 were \$2,187,912 and \$1,665,880, respectively, reflecting an increase of \$522,032. The reasons for the increase in 2020 are primarily due to an increase in two expenses. First, an increase of \$1,209,956 in research and development expense due to conducting studies with regard to BICX102, from \$135,138 for the three months ended June 30, 2019 to \$1,345,094 for the three months ended June 30, 2020. Second, an increase of \$203,913 in payroll expense due to the increased number of employees during 2020 to support the Company's growth of business and a replacement of the payment of consulting fees with the payment of annual base salary in accordance with the Company's normal payroll schedule, from \$19,883 for the three months ended June 30, 2019 to \$223,796 for the three months ended June 30, 2020. These increased expenses were partially offset by a decrease in two expenses. First, a decrease of \$741,884 in stock-based compensation related to both directors and service providers due to certain options granted were fully vested, from \$810,514 for the three months ended June 30, 2019 to \$68,630 for the three months ended June 30, 2020. Second, a decrease of \$173,542 in consulting fees due to a replacement of the payment of consulting fees with the payment of annual base salary in accordance with the Company's normal payroll schedule, from \$305,826 for the three months ended June 30, 2019 to \$132,284 for the three months ended June 30, 2020.

Interest Expense

Interest expense for the three months ended June 30, 2020 and 2019 were \$125,628 and \$583,308, respectively. The decrease is primarily due to a decrease in the debt discount amortization due to conversion of debt in September 2019.

Grant Income

During the three months ended June 30, 2020, the Company recognized grant income of \$1,541,366 as compared to \$127,737 for the comparable period last year. The increase was related to: (i) the advancement of studies with the development of a 3-month implantable depot pellet of naltrexone for the treatment of Opioid Use Disorder, which the Company refers to as BICX102 and (ii) the award of second year funding from the National Institute on Drug Abuse ("NIDA") providing for \$2,831,838. The funds are available to reimburse the Company for certain incurred direct costs and indirect costs of 17%. Indirect costs are costs that are not directly related to the project itself but are required to conduct the research and are critical to the success of the project and organization as a whole.

Net Loss

For the three months ended June 30, 2020, the Company experienced a net loss of \$738,479 compared with a net loss of \$2,040,958 for the three months ended June 30, 2019. The decrease in net loss is primarily due to the lower interest expense and higher grant income incurred in 2020.

Six Months ended June 30, 2020 Compared with Six Months ended June 30, 2019

Six months ended June 30,	2020	2019

Revenues

Total net revenues for the six months ended June 30, 2020 were \$70,590 compared with \$131,250 for the six months ended June 30, 2019, reflecting a decrease of 46.2%. Sales/access fees for six months ended June 30, 2020 and 2019 were \$12,000 and \$14,250, respectively, reflecting a decrease of \$2,250. The primary reason for the decrease in 2020 is directly related to the reduced number of patients treated at licensed clinics and BioCorRx Recovery Program distribution. Distribution rights income for six months ended June 30, 2020 and 2019 were \$57,290 and \$117,000, respectively, reflecting a decrease of \$59,710. The primary reason for the decrease in distribution rights income was due to the deferred revenues from certain licenses were fully amortized. Membership/program fees for the six months ended June 30, 2020 and 2019 were \$1,300 and \$0, respectively. The primary reason for the increase in 2020 was due to the Company's UnCraveRx™ Weight Loss Management Program launched in October 2019.

Total Operating Expenses

Total operating expenses for the six months ended June 30, 2020 and 2019 were \$3,742,473 and \$3,211,524, respectively, reflecting an increase of \$530,949. The reasons for the increase in 2020 are primarily due to an increase of \$1,774,501 in research and development expense due to conducting studies with regard to BICX102, from \$281,103 for the six months ended June 30, 2019 to \$2,055,604 for the six months ended June 30, 2020, an increase of \$387,251 in payroll expense due to the increased number of employees during 2020 to support the Company's growth of business and a replacement of the payment of consulting fees with the payment of annual base salary in accordance with the Company's normal payroll schedule, from \$40,116 for the six months ended June 30, 2019 to \$427,366 for the six months ended June 30, 2020, an increase of \$195,165 in advertising expense due to the promotion of the Company's UnCraveRx™ Weight Loss Management Program launched in October 2019, from \$66,960 for the six months ended June 30, 2019 to \$262,125 for the six months ended June 30, 2020, and an increase of \$57,108 in costs on liability insurance and health insurance due to the increased number of employees and expansion of business, from \$46,406 for the six months ended June 30, 2019 to \$103,514 for the six months ended June 30, 2020, partially offset by a decrease of \$1,615,345 in stock-based compensation related to both directors and service providers due to certain options granted were fully vested, from \$1,801,579 for the six months ended June 30, 2019 to \$186,234 for the six months ended June 30, 2020, and a decrease of \$299,637 in consulting service fee due to a replacement of the payment of consulting fees with the payment of annual base salary in accordance with the Company's normal payroll schedule, from \$563,920 for the six months ended June 30, 2019 to \$264,283 for the six months ended June 30, 2020.

Interest Expense

Interest expense for the six months ended June 30, 2020 and 2019 were \$251,035 and \$1,097,476, respectively. The decrease is primarily due to a decrease in the debt discount amortization due to conversion of debt in September 2019, partially offset by an increase in the amortization of discount on royalty obligation during the six months ended June 30, 2020.

Grant Income

During the six months ended June 30, 2020, the Company recognized grant income of \$2,105,452 as compared to \$351,796 for the comparable period last year. The increase was related to: (i) the advancement of studies with the development of a 3-month implantable depot pellet of naltrexone for the treatment of Opioid Use Disorder, which the Company refers to as BICX102 and (ii) the award of second year funding from the National Institute on Drug Abuse ("NIDA") providing for \$2,831,838. On January 17, 2019, the Company received a Notice of Award from the United States Department of Health and Human Services for a grant from the National Institutes of Health (“NIH”) in support of BICX102 from the National Institute on Drug Abuse. The grant provides for (i) \$2,842,430 in funding during the first year and (ii) \$2,831,838 during the second year subject to the terms and conditions specified in the grant, including satisfactory progress of project and the availability of funds. In January 2020, the Company was awarded a second year of funding from the National Institute on Drug Abuse (“NIDA”) to support the development of a 3-month implantable depot pellet of naltrexone for the treatment of Opioid Use Disorder, which the Company refers to as BICX102. The grant provides for \$2,831,838 during the second year subject to the terms and conditions specified in the grant, including satisfactory progress of project and availability of funds.

In March 2019, the Company entered into two Subscription and Royalty Agreements (the “Subscription and Royalty Agreements”), one of which was with Louis and Carolyn Lucido CRT LLC, managed by Mr. Lucido. Pursuant to the Subscription and Royalty Agreements: (i) Each party would purchase shares of the Company’s common stock, par value \$0.001 per share (the “Common Stock”), in the aggregate amount of \$3,000,000 at a purchase price of \$15.00 per share (the “Purchase Price”), for a total of 200,000 shares of Common Stock; and (ii) the Company shall pay each (a) a total of \$37.50 from the gross revenue derived from each of its weight loss treatments sold in the United States starting on the first (1st) day that the first unit of the treatment is sold (the “Initial Sales Date”) and ending on the third (3rd) anniversary of the Initial Sales Date; and (b) a total of \$25.00 from the gross revenue derived from each of its weight loss treatments sold in the United States starting on the day following the third (3rd) anniversary of the Initial Sales Date and ending on the fifteenth (15th) anniversary of the Initial Sales Date (the “Royalty”).

Under the Lucido agreement, the Company will use no less than 65% of the proceeds of the aggregate Purchase Price of the Lucido Subscription and Royalty Agreement exclusively to develop, launch and expand the Company’s weight loss program (the “Business”) including sales and marketing activities directly related to the Business, and shall be free to use up to 35% of the aggregate Purchase Price of the Lucido Subscription and Royalty Agreement for general working capital and administration, and for further product development. With the prior written consent of Mr. Lucido, the Company may use more than 35% of the aggregate Purchase Price for general working capital and administration, and for further product development. Under the second agreement, the Company will have complete discretion as to the exact amount of the aggregate purchase price to be allocated to the development and expansion of the Business.

In March 2019, the Company issued an aggregate of 400,000 shares of its common stock under proceeds related to Subscription and Royalty Agreements. Subsequently in April 2019, the Company received the proceeds of \$6,000,000.

Effective September 30, 2019, the Company executed a Conversion Agreement (the “Conversion Agreement”) with BICX Holding Company LLC, an entity controlled by Alpine Creek, pursuant to which the parties agreed to the conversion (the “Conversion”) of the Senior Secured Convertible Promissory Note in the principal amount of \$4,160,000 (the “Note”), which was issued by the Company to the Investor on June 10, 2016, into 2,227,575 shares of the Company’s common stock (the “Conversion Shares”). The Company is not a related party with regard to either BICX Holding Company LLC or Alpine Creek.

In connection with the Conversion Agreement, the Company and BICX entered into a Lock-Up Agreement (the “Lock-Up Agreement”) pursuant to which BICX Holding Company LLC will not sell, or otherwise dispose of the Conversion Shares, during the period commencing on October 1, 2019 and ending six (6) months following the initial closing of the Company’s intended public offering of its securities to raise gross proceeds to the Company of at least \$10,000,000 (subject to adjustment in the Company’s sole discretion) (the “Public Offering”). As the Public Offering was abandoned on December 9, 2019, the Lock-Up Agreement expired on April 1, 2020.

[Table of Contents](#)

In accordance with the Conversion Agreement, the Company cannot, through September 29, 2021, enter into any agreement to issue or announce the issuance or proposed issuance of any shares of common stock or common stock equivalents at an issuance price below \$2.00 per share.

Pursuant to the Conversion Agreement, BICX Holding Company LLC has agreed that the Total Interest Payment (as defined in the Conversion Agreement) that would have been due under the Note, in the amount of \$1,138,157, will be reflected on the Company's financial statements as an amount due and owing to the Investor to be repaid within twelve (12) months of the closing of the Public Offering, or if the Public Offering is terminated or abandoned prior to closing, then on or before such date that is no later than twelve (12) months from the date of such termination or abandonment.

The Company has historically sought and continue to seek financing from private sources to move its business plan forward. In order to satisfy the financial commitments, the Company had relied upon private party financing that has inherent risks in terms of availability and adequacy of funding.

In December 2019, a novel strain of coronavirus (COVID-19) surfaced. The spread of COVID-19 around the world in the first quarter of 2020 has caused significant volatility in U.S. and international markets. There is significant uncertainty around the breadth and duration of business disruptions related to COVID-19, as well as its impact on the U.S. and international economies and, as such, the Company is unable to determine if it will have a material impact to its operations.

For the next twelve months, the Company anticipates that it will need to supplement its revenues with additional capital investment or debt to ensure that the Company will have adequate cash to provide the minimum operating cash requirements to continue as a going concern. There can be no guarantee or assurance that the Company can raise adequate capital from outside sources. If the Company is unable to raise funds when required or on acceptable terms, it has to significantly scale back, or discontinue its operations.

Net Cash Flow from Operating Activities

Net cash used in operating activities was \$1,214,766 for the six months ended June 30, 2020 compared to \$1,224,449 used in operating activities the six months ended June 30, 2019.

Net Cash Flow from Investing Activities

Net cash used in investing activities for the six months ended June 30, 2020 was \$0 compared to \$67,626 used in investing activities for the six months ended June 30, 2019. The Company did not make purchase on equipment during the six months ended June 30, 2020.

Net Cash Flow from Financing Activities

Net cash provided by financing activities decreased by \$5,792,000, from \$5,825,000 provided by financing activities for the six months ended June 30, 2019 to \$33,000 provided by financing activities for the six months ended June 30, 2020. The decrease was primarily due to the \$6,000,000 proceeds received in connection with two Subscription and Royalty agreements entered into with Louis and Carolyn Lucido CRT LLC, and J and R Galligan Revocable Trust for the six months ended June 30, 2019. The Company did not issue stock for proceeds during the six months ended June 30, 2020.

Going Concern

The Company's unaudited condensed consolidated financial statements are prepared in accordance with generally accepted accounting principles applicable to a going concern. This contemplates the realization of assets and the liquidation of liabilities in the normal course of business. As of June 30, 2020 and December 31, 2019, the Company had a working capital of \$(860,484) and \$495,682, and an accumulated deficit of \$63,018,079 and \$61,216,080, respectively. The Company has not yet generated any significant revenues and has incurred net losses since inception. These conditions raise substantial doubt about the Company's ability to continue as a going concern for the next twelve-month period since the date of the financial statements were issued.

The Company believes that its current cash on hand will not be sufficient to fund its projected operating requirements for the next twelve months since the date of the issuance of the financial statements.

The Company will be dependent upon the raising of additional capital through placement of its common stock in order to implement the Company's business plan or by using outside financing. There can be no assurance that the Company will be successful in these situations in order to continue as a going concern. The Company is funding its operations by additional borrowings and some shareholder advances.

Off Balance Sheet Arrangements

The Company does not have any off balance sheet arrangements that have or are reasonably likely to have a current or future effect on its financial condition, changes in financial condition, sales or expenses, results of operations, liquidity or capital expenditures, or capital resources that are material to an investment in its securities.

Critical Accounting Policies

Use of Estimates and Assumptions

The preparation of the unaudited condensed consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include assumptions used in the fair value of stock-based compensation, the fair value of other equity and debt instruments, right-of-use assets, lease liabilities, and allowance for doubtful accounts.

Revenue Recognition

The Company recognizes revenue in accordance with Financial Accounting Standards Board "FASB" Accounting Standards Codification "ASC" 606. A five-step analysis must be met as outlined in Topic 606: (i) identify the contract with the customer, (ii) identify the performance obligations in the contract, (iii) determine the transaction price, (iv) allocate the transaction price to the performance obligations, and (v) recognize revenue when (or as) performance obligations are satisfied. Provisions for discounts and rebates to customers, estimated returns and allowances, and other adjustments are provided for in the same period the related sales are recorded. There were no changes to the Company's revenue recognition policy from the adoption of ASC 606.

[Table of Contents](#)

The Company's net sales are disaggregated by product category. The sales/access fees consist of product sales, which is recognized upon the transfer of promised goods to customers. The distribution rights income consists of the income recognized from the amortization of distribution agreements entered into for its products. The membership/program fees are generated from the Company's UnCraveRx™ Weight Loss Management Program, which is recognized upon the transfer of promised goods to customers.

Deferred Revenue

The Company licenses proprietary products and protocols to customers under licensing agreements that allow those customers to access the products and protocols in services they provide to their customers over the term of the license agreement. The timing and amount of revenue recognized from license agreements depends upon a variety of factors, including the specific terms of each agreement. Such agreements are reviewed for multiple performance obligations. Performance obligations can include amounts related to initial non-refundable license fees for the use of the Company's products and protocols and additional royalties on covered services.

The Company granted license and sub-license agreements for various regions or States in the United States allowing the licensee to market, distribute and sell solely in the defined license territory, as defined, the products provided by the Company. The agreements are granted for a defined period or perpetual and are effective as long as annual milestones are achieved.

Terms for payments for licensee agreements vary from full cash payment to defined terms. In cases where license or sub-license fees are uncollected or deferred; the Company nets those uncollected fees with the deferred revenue for balance sheet presentation.

The Company amortizes license fees over the shorter of the economic life of the related contract life or contract terms for each licensee.

On October 1, 2019, the Company launched the UnCraveRx™ Weight Loss Management Program. Customers are charged a membership fee and are requested to pay for three training programs at inception. The payments are recorded as deferred revenue until earned.

Balance as of December 31, 2019:

Short term	\$	134,924
Long term		103,313
Total as of December 31, 2019	\$	238,237
Cash payments received		2,649
Net sales recognized		(58,590)
Balance as of June 30, 2020		182,296
Less short term		95,077
Long term	\$	87,219

During the six months ended June 30, 2020, the Company also had \$12,000 in its revenues related to access fees which were not included in deferred revenue.

Deferred Revenue-Grant

The Company recognizes grant revenues in the period during which the related research and development costs are incurred. The timing and amount of revenue recognized from reimbursement for research and development costs depends upon the specific terms for the contracted work. Such costs are reviewed for multiple performance obligations which can include amounts related to contracted work performed or as milestones have been achieved.

Stock-Based Compensation

Share-based compensation issued to employees is measured at the grant date, based on the fair value of the award, and is recognized as an expense over the requisite service period. The Company measures the fair value of the share-based compensation issued to non-employees at the grant date using the stock price observed in the arms-length private placement transaction nearest the measurement date (for stock transactions) or the fair value of the award (for non-stock transactions), which were considered to be more reliably determinable measures of fair value than the value of the services being rendered.

Grant Income

On January 17, 2019, the Company received a Notice of Award from the United States Department of Health and Human Services for a grant from the National Institutes of Health (“NIH”) in support of BICX102 from the National Institute on Drug Abuse. The grant provides for (i) \$2,842,430 in funding during the first year and (ii) \$2,831,838 during the second year subject to the terms and conditions specified in the grant, including satisfactory progress of project and the availability of funds. Grant payments received prior to the Company’s performance of work required by the terms of the research grant are recorded as deferred income and recognized as grant income once work is performed and qualifying costs are incurred. \$3,445,134 in grant funds were received and (i) \$2,105,452 were recorded as grant income, (ii) \$1,153,017 were recorded as deferred income and (iii) \$186,665 were recorded as payment on accounts receivable during the six months ended June 30, 2020.

Leases

The Company determines if an arrangement is a lease at inception. Operating lease right-of-use assets (ROU assets) and short-term and long-term lease liabilities are included on the face of the unaudited condensed consolidated balance sheet.

ROU assets represent the right to use an underlying asset for the lease term and lease liabilities represent the Company’s obligation to make lease payments arising from the lease. Operating lease ROU assets and liabilities are recognized at commencement date based on the present value of lease payments over the lease term. As most of the Company’s leases do not provide an implicit rate, the Company uses an incremental borrowing rate based on the information available at commencement date in determining the present value of lease payments. The Company’s lease terms may include options to extend or terminate the lease when it is reasonably certain that the Company will exercise that option. Lease expense for lease payments is recognized on a straight-line basis over the lease term. The Company has lease agreements with lease and non-lease components, which are accounted for as a single lease component. For lease agreements with terms less than 12 months, the Company has elected the short-term lease measurement and recognition exemption, and it recognizes such lease payments on a straight-line basis over the lease term.

Income Taxes

Deferred income tax assets and liabilities are determined based on the estimated future tax effects of net operating loss and credit carry forwards and temporary differences between the tax basis of assets and liabilities and their respective financial reporting amounts measured at the current enacted tax rates. The Company records an estimated valuation allowance on its deferred income tax assets if it is more likely than not that these deferred income tax assets will not be realized.

The Company recognizes a tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. The tax benefits recognized in the consolidated financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. As of June 30, 2020, and December 31, 2019, the Company has not recorded any unrecognized tax benefits.

Royalty Obligations, net

The Company accounted for royalty obligations as debt in accordance with ASC 470-10-25 and derived a debt discount, which is amortized using the effective interest method over the expected life of the arrangement, which is 15 years. The Company has no obligation to repay the then outstanding balance if during the expected life of 15 years the treatment is discontinued. In order to record the discount of the liability, the Company fair valued the royalty and the difference between fair value of the royalty obligation and the gross projected future payments was \$7,171,200 and was recorded as non-cash interest expense over the life of the liability and offset to additional paid in capital at inception.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not required under Regulation S-K for "smaller reporting companies."

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

We have adopted and maintain disclosure controls and procedures that are designed to provide reasonable assurance that information required to be disclosed in the reports filed under the Exchange Act, such as this Quarterly Report on Form 10-Q, is collected, recorded, processed, summarized and reported within the time periods specified in the rules of the SEC. Our disclosure controls and procedures are also designed to ensure that such information is accumulated and communicated to management to allow timely decisions regarding required disclosure. Based upon the most recent evaluation of internal controls over financial reporting, our Chief Executive Officer (our principal executive officer) and our Chief Financial Officer (our principal financial officer) identified material weaknesses in our internal control over financial reporting. The material weaknesses identified to date include (i) policies and procedures which are not yet adequately documented, (ii) lack of proper approval processes and review processes and documentation for such reviews, (iii) insufficient GAAP experience regarding complex transactions and reporting, and (iv) insufficient number of staff to maintain optimal segregation of duties and levels of oversight. As of June 30, 2020, based on evaluation of our disclosure controls and procedures, management concluded that our disclosure controls and procedures were not effective.

Notwithstanding the material weaknesses described above, our management, including the Chief Executive Officer and Chief Financial Officer, has concluded that financial statements, and other financial information included in this Quarterly Report, fairly present in all material respects our financial condition, results of operations, and cash flows as of and for the periods presented in this quarterly report.

Changes in Internal Control

There has been no change in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act) that occurred during the quarter ended June 30, 2020 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

From time to time, the Company may be engaged in various lawsuits and legal proceedings in the ordinary course of its business. Except as described below, the Company is currently not aware of any legal proceedings the ultimate outcome of which, in its judgment based on information currently available, would have a material adverse effect on its business, financial condition or results of operations. The Company is currently not a party to any material legal proceedings or claims not previously disclosed on Form 8-K.

ITEM 1A. RISK FACTORS

Factors that could cause or contribute to differences in our future financial and operating results include those discussed in the risk factors set forth in Item 1 of our Annual Report on Form 10-K for the year ended December 31, 2019. The risks described in our Form 10-K and this Report are not the only risks that we face. Additional risks not presently known to us or that we do not currently consider significant may also have an adverse effect on the Company. If any of the risks actually occur, our business, results of operations, cash flows or financial condition could suffer.

There have been no material changes to the risk factors set forth in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2019 other than the following:

We face risks related to the novel coronavirus (COVID-19) which could significantly disrupt our research and development, operations, sales, and financial results.

Our business could be adversely impacted by the effects of the novel coronavirus (COVID-19). In addition to global macroeconomic effects, the novel coronavirus (COVID-19) outbreak and any other related adverse public health developments could cause disruption to our operations, sales activities, and the contract research organizations who are conducting BICX102 studies. Our customers have been and will be disrupted by worker absenteeism, quarantines and restrictions on employees' ability to work, office and factory closures, disruptions to ports and other shipping infrastructures, border closures, or other travel or health-related restrictions which could adversely affect our business, operations and customer relationships. Although our contract research organizations have been able to continue conducting the BICX102 studies, those studies may, in the future, be disrupted which may delay our Company's submissions to the FDA with regard to BICX102. In addition, we have experienced and will experience disruptions to our business operations resulting from quarantines, self-isolations, or other movement and restrictions on the ability of our employees to perform their jobs that may impact our ability to develop and design our products and services in a timely manner or meet required milestones or customer commitments.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

There were no unregistered sales of the Company's equity securities during the quarter ended June 30, 2020 that were not previously reported in a Current Report on Form 8-K except as follows:

During the three months ended June 30, 2020, the Company issued an aggregate of 23,566 shares of its common stock for services rendered valued at \$59,426 based on the underlying market value of the common stock at the date of issuance.

The above securities were issued in reliance on the exemption under Section 4(a)(2) of the Securities Act of 1933, as amended. These securities qualified for exemption under Section 4(a)(2) since the issuance by us did not involve a public offering. The offerings were not "public offerings" as defined in 4(a)(2) due to the insubstantial number of persons involved in the transactions, manner of the issuance and number of securities issued. We did not undertake an offering in which we sold a high number of securities to a high number of investors. In addition, the investors had the necessary investment intent as required by Section 4(a)(2) since they agreed to and received securities bearing a legend stating that such securities are restricted pursuant to Rule 144 of the Act. This restriction ensures that these securities would not be immediately redistributed into the market and therefore not be part of a "public offering". Based on an analysis of the above factors, we have met the requirements to qualify for exemption under Section 4(a)(2) of the Securities Act for these transactions.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None

ITEM 4. MINE SAFETY DISCLOSURES.

Not applicable.

ITEM 5. OTHER INFORMATION.

Item 1.01 Entry into a Material Definitive Agreement.

On February 18, 2020, the Company entered into a Master Services Agreement (the "MSA") with Sinclair Research Center LLC ("Sinclair"). Pursuant to the MSA, Sinclair will be conducting studies with regard to BICX102. Studies will be conducted pursuant to Statements of Work entered into by the Company and Sinclair.

On February 20, 2020 the Company and Sinclair entered into a Statement of Work pursuant to which Sinclair is conducting one study. The total consideration the Company will pay Sinclair for the study is \$894,600.

On May 8, 2020, the Company entered into a Statement of Work Amendment No. 2 pursuant to which Sinclair is providing additional services for the study. The total consideration the Company will pay Sinclair for Amendment No. 2 is \$314,600.

On June 4, 2020, the Company entered into a Statement of Work Amendment No. 3 pursuant to which Sinclair is providing additional services for the study. The total consideration the Company will pay Sinclair for Amendment No. 3 is \$41,600.

As of June 30, 2020, the Company disbursed \$953,360 as research and development expenses. The remaining total consideration the Company will pay Sinclair is \$297,440.
