This Quarterly Report on Form 10-Q contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. All statements contained in this Quarterly Report on Form 10-Q other than statements of historical fact, including statements regarding our future results of operations and financial position, our business strategy and plans, and our objectives for future operations, are forward-looking statements. The words “believe,” “may,” “will,” “estimate,” “continue,” “anticipate,” “intend,” “expect,” and similar expressions are intended to identify forward-looking statements. We have based these forward-looking statements largely on our current expectations and projections about future events and trends that we believe may affect our financial condition, results of operations, business strategy, short-term and long-term business operations and objectives, and financial needs. These forward-looking statements are subject to a number of risks, uncertainties and assumptions. Moreover, we operate in a very competitive and rapidly changing environment. New risks emerge from time to time. It is not possible for our management to predict all risks, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements we may make. In light of these risks, uncertainties and assumptions, the future events and trends discussed in this Quarterly Report on Form 10-Q may not occur and actual results could differ materially and adversely from those anticipated or implied in the forward-looking statements. We undertake no obligation to revise or publicly release the results of any revision to these forward-looking statements, except as required by law. Given these risks and uncertainties, readers are cautioned not to place undue reliance on such forward-looking statements.

Unless expressly indicated or the context requires otherwise, the terms “BioCorRx,” “Company,” “we,” “us,” and “our” in this document refer to BioCorRx Inc., a Nevada corporation, and, where appropriate, its wholly owned subsidiaries.

BIOCORRX INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2025
(UNAUDITED)

NOTE 1 - BUSINESS

BioCorRx Inc., through its subsidiaries, develops and provides innovative treatment programs for substance abuse and related disorders. The BioCorRx ® Recovery Program is a non-addictive, medication-assisted treatment (MAT) program for substance abuse that includes peer recovery support. The UnCraveRx™ Weight Loss Management Program is a medically assisted weight management program that is combined with a virtual platform application. The full program officially launched October 1, 2019. The Company's majority owned subsidiary BioCorRx Pharmaceuticals Inc. is also engaged in the research and development of sustained release naltrexone products for the treatment of addiction and other possible disorders. Specifically, the Company is developing an injectable (BICX101) and implantable naltrexone with the goal of future regulatory approval with the Food and Drug Administration. On May 7, 2021, the U.S. Food and Drug Administration (FDA) cleared the Company's Investigational New Drug Application (IND) for its implantable naltrexone (BICX104) candidate. On October 31, 2020, the Company entered into a written management services agreement with Joseph DeSanto MD, Inc. ("Medical Corporation") under which the Company provides management and other administrative services to the Medical Corporation. These services include billing, collection of accounts receivable, accounting, management and human resource functions. Pursuant to the management services agreement, a management fee equal to 65% of the Medical Corporation's gross collected monthly revenue. Through this arrangement, the Company is directing the activities that most significantly impact the financial results of the respective Medical Corporation; however, all clinical treatment decisions are made solely by licensed healthcare professionals. The Company has determined that it is the primary beneficiary, and, therefore, has consolidated the Medical Corporation as variable interest entity ("VIE"). The medical corporation: (i) had not yet generated any revenues and (ii) had no significant assets or liabilities since inception through June 30, 2025.

On July 28, 2016, BioCorRx Inc. formed BioCorRx Pharmaceuticals, Inc., a Nevada Corporation, for the purpose of developing certain business lines. In connection with the formation, the sub issued 24.2% ownership to officers of BioCorRx Inc. with the Company retaining 75.8%. In 2018, BioCorRx Pharmaceuticals, Inc. began operating activities (Note 18).

On March 4, 2025, the Company and its majority owned subsidiary, BioCorRx Pharmaceuticals, Inc. entered into an Asset Purchase Agreement (the "APA") with USWM, LLC (the "Seller"). The Seller does business as US WorldMeds. Pursuant to the APA, BioCorRx Pharmaceuticals, Inc. purchased certain assets and assumed certain liabilities related to Lucemyra, a U.S. Food and Drug Administration (the "FDA") approved prescription medication for opioid withdrawal. Supply and distribution sales are generated from the sales of the Lucemyra products and the distribution license granted to the distributors.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Interim Financial Statements

The following (a) condensed consolidated balance sheet as of December 31, 2024, which has been derived from audited financial statements, and (b) the unaudited condensed consolidated interim financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States ("GAAP") for interim financial information and the instructions to Form 10-Q and Rule 8-03 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three and six months ended June 30, 2025 are not necessarily indicative of results that may be expected for the year ending December 31, 2025. These unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto for the year ended December 31, 2024 included in the Company's Annual Report on Form 10-K, filed with the Securities and Exchange Commission ("SEC") on March 31, 2025.

Basis of presentation

The consolidated financial statements include the accounts of: (i) BioCorRx Inc. and its wholly owned subsidiary, Fresh Start Private, Inc., (ii) its majority owned subsidiary, BioCorRx Pharmaceuticals, Inc., and (iii) the Medical Corporation (“VIE”) (Collectively, “the Company”) under which the Company provides management and other administrative services pursuant to the management services agreement in which the Company is the primary beneficiary. All significant intercompany balances and transactions have been eliminated in consolidation.

Revenue Recognition

The Company recognizes revenue in accordance with Financial Accounting Standards Board “FASB” Accounting Standards Codification “ASC” 606. A five-step analysis must be met as outlined in Topic 606: (i) identify the contract with the customer, (ii) identify the performance obligations in the contract, (iii) determine the transaction price, (iv) allocate the transaction price to the performance obligations, and (v) recognize revenue when (or as) performance obligations are satisfied. Provisions for discounts and rebates to customers, estimated returns and allowances, and other adjustments are provided for in the same period the related sales are recorded.

The Company has elected the following practical expedients in applying ASC 606:

- Unsatisfied Performance Obligations - all performance obligations relate to contracts with a duration of less than one year. The Company has elected to apply the optional exemption provided in ASC 606 and therefore, is not required to disclose the aggregate amount of the transaction price allocated to performance obligations that are unsatisfied or partially unsatisfied at the end of the reporting period.
- Contract Costs - all incremental customer contract acquisition costs are expensed as they are incurred as the amortization period of the asset that the Company otherwise would have recognized is one year or less in duration.
- Significant Financing Component - the Company does not adjust the promised amount of consideration for the effects of a significant financing component as the Company expects, at contract inception, that the period between when the entity transfers a promised good or service to a customer and when the customer pays for that good or service will be one year or less.
- Sales Tax Exclusion from the Transaction Price - the Company excludes from the measurement of the transaction price all taxes assessed by a governmental authority that are both imposed on and concurrent with a specific revenue-producing transaction and collected by the Company from the customer.
- Shipping and Handling Activities - the Company elected to account for shipping and handling activities as a fulfillment cost rather than as a separate performance obligation.

The Company’s net sales are disaggregated by product category. The sales/access fees consist of product sales, which is recognized upon the transfer of promised goods to customers. The project support income is generated from administrative support to Biotechnology research customers, which is recognized upon the transfer of promised services to customers. The distribution rights income consists of the income recognized from the amortization of distribution agreements entered into for its products. The membership/program fees are generated from the Company’s UnCraveRx™ Weight Loss Management Program, which is recognized upon the transfer of promised goods to customers.

BioCorRx Pharmaceuticals, Inc. entered into several exclusive and nonexclusive distribution agreements as part of the USWM LLC Asset Purchase Agreement dated March 4, 2025. The distribution arrangements may include: (i) that the Company grants rights to the counterparty to distribute the product, and (ii) the Company supplies the product. Under an exclusive distribution and supply arrangement, the services are not distinct, and revenue is recognized as a single performance obligation. Distribution sales are generated through the distribution arrangements. The Company receives a share of the net distributable profits earned by its distributors, which is recognized when one or more of the following events occur: (i) control of the asset transfers to the end customer; and (ii) the single performance obligation has been satisfied.

The following table presents the Company's net sales by product category for the three months ended June 30, 2025 and 2024:

	Three Months Ended June 30,	
	2025	2024
Sales/access fees	\$ 1,790	\$ -
Distribution rights income	-	4,045
Supply and distribution sales	176,448	-
Net sales	<u>\$ 178,238</u>	<u>\$ 4,045</u>

The following table presents the Company's net sales by product category for the six months ended June 30, 2025 and 2024:

	Six Months Ended June 30,	
	2025	2024
Sales/access fees	\$ 1,790	\$ 2,205
Distribution rights income	-	4,045
Membership/program fees	-	1,415
Supply and distribution sales	311,347	-
Net sales	<u>\$ 313,137</u>	<u>\$ 7,665</u>

Deferred Revenue-Grant

The Company recognizes grant revenues in the period during which the related research and development costs are incurred. The timing and amount of revenue recognized from reimbursement for research and development costs depends upon the specific terms for the contracted work. Such costs are reviewed for multiple performance obligations which can include amounts related to contracted work performed or as milestones have been achieved.

Use of Estimates

The preparation of the consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include assumptions used in the fair value of other equity and debt instruments, income taxes, loss contingencies, and research and development costs.

Accounts Receivable

Accounts receivable are recorded at original invoice amount less an allowance for uncollectible accounts that management believes will be adequate to absorb estimated losses on existing balances. Management estimates the allowance based on collectability of accounts receivable and prior bad debt experience. Accounts receivable balances are written off against the allowance upon management's determination that such accounts are uncollectible. Recoveries of accounts receivable previously written off are recorded when received. Management believes that credit risks on accounts receivable will not be material to the financial position of the Company or results of operations. The allowance for doubtful accounts was \$0 as of June 30, 2025 and December 31, 2024.

Inventory

Inventories are stated at the lower of cost or net realizable value. The Company periodically evaluates inventory for obsolescence by analyzing market conditions, and provides write-downs or write-offs of inventory when inventory is identified as obsolete. A write-down is recorded to adjust the carrying value of its estimated net realizable value. These write-downs are included in costs of goods sold. Cost is determined using the first-in, first out ("FIFO") method. Inventory includes raw materials, work-in-progress, and finished goods. Cost comprises direct materials, direct labor, and an allocation of manufacturing overhead based on normal production capacity.

Inventories consisted of the following:

	June 30, 2025	December 31, 2024
Raw materials	\$ -	\$ -
Work-in-progress	-	-
Finished goods	133,597	-
	<u>\$ 133,597</u>	<u>\$ -</u>

Fair Value of Financial Instruments

The Company calculates the fair value of its assets and liabilities which qualify as financial instruments and includes this additional information in the notes to the consolidated financial statements when the fair value is different than the carrying value of these financial instruments. The estimated fair value of cash, accounts receivable, grant receivable, accounts payable and accrued expenses, and notes payable approximate their carrying amounts due to the relatively short maturity of these instruments. The carrying value of lease liability and royalty obligation also approximates fair value since these instruments bear market rates of interest. None of these instruments are held for trading purposes.

See Note 14 and 15 for stock based compensation and other equity instruments.

Fair Value Measurements

The Company follows the guidance in ASC 820 for its financial assets and liabilities that are re-measured and reported at fair value at each reporting period. The Company also follows ASC 820 for non-financial assets and liabilities that are re-measured and reported at fair value at least annually.

The fair value of the Company's financial assets and liabilities reflects management's estimate of amounts that the Company would have received in connection with the sale of the assets or that the Company would have paid in connection with the transfer of the liabilities in an orderly transaction between market participants at the measurement date. In connection with measuring the fair value of its assets and liabilities, the Company seeks to maximize the use of observable inputs (market data obtained from independent sources) and to minimize the use of unobservable inputs (internal assumptions about how market participants would price assets and liabilities). The following fair value hierarchy is used to classify assets and liabilities based on the observable inputs and unobservable inputs used to value the assets and liabilities:

- Level 1: Quoted prices in active markets for identical assets or liabilities. An active market for an asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2: Observable inputs other than Level 1 inputs. Examples of Level 2 inputs include quoted prices in active markets for similar assets or liabilities and quoted prices for identical assets or liabilities in markets that are not active.
- Level 3: Unobservable inputs based on the Company's assessment of the assumptions that market participants would use in pricing the asset or liability.

Business Combinations and Contingent Consideration

Business combinations are accounted for using the acquisition method. The Company allocates the fair value of the purchase price of an acquisition to the assets acquired and liabilities assumed, based on their estimated fair values as of the date of acquisition. The excess of the fair value of the purchase price over the fair values of these net tangible and intangible assets acquired is recorded as goodwill. Acquisition-related expenses are recognized separately from the business combination and expensed as incurred.

Certain business combinations include contingent consideration arrangements, which are generally based on achievement of future financial performance or future events. If it is determined the contingent consideration arrangement is not compensatory, the Company estimates fair value of contingent consideration payments as part of the initial purchase price and records the estimated fair value of contingent consideration as a liability in the condensed consolidated balance sheet. The Company reviews and assesses the estimated fair value of contingent consideration each reporting period, and the updated fair value could differ materially from the initial estimates. Adjustments to estimated fair value related to changes in fair value are reported in the consolidated statements of operations.

Goodwill

Goodwill represents the excess of the purchase price in a business combination over the fair value of net assets acquired. Goodwill is not amortized but tested annually for impairment or when indicators of impairment are present. The test for goodwill impairment involves a qualitative assessment of impairment indicators. If indicators are present, a quantitative test of impairment is performed. Goodwill impairment, if any, is determined by comparing the reporting unit's fair value to its carrying value. An impairment loss is recognized in an amount equal to the excess of the reporting unit's carrying value over its fair value, up to the amount of goodwill allocated to the reporting unit. The Company's policy is to review goodwill for impairment annually unless a triggering event requires an analysis sooner. There was no goodwill impairment for the three and six months ended June 30, 2025.

Segment Information

Accounting Standards Codification subtopic Segment Reporting 280-10 ("ASC 280-10") establishes standards for reporting information regarding operating segments in annual financial statements and requires selected information for those segments to be presented in interim financial reports issued to stockholders. ASC 280-10 also establishes standards for related disclosures about products and services and geographic areas. Operating segments are identified as components of an enterprise about which separate discrete financial information is available for evaluation by the chief operating decision maker, or decision-making group, in making decisions how to allocate resources and assess performance. The information disclosed herein materially represents all of the financial information related to the Company's principal operating segment.

Long-Lived Assets

The Company follows a "primary asset" approach to determine the cash flow estimation period for a group of assets and liabilities that represents the unit of accounting for a long-lived asset to be held and used. Long-lived assets to be held and used are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The carrying amount of a long-lived asset is not recoverable if it exceeds the sum of the undiscounted cash flows expected to result from the use and eventual disposition of the asset. Long-lived assets to be disposed of are reported at the lower of carrying amount or fair value less cost to sell.

The Company evaluates the recoverability of long-lived assets based upon forecasted undiscounted cash flows. Should impairment in value be indicated, the carrying value of the assets will be adjusted, based on estimates of future discounted cash flows resulting from the use and ultimate disposition of the asset. No impairments were recognized for the three and six months ended June 30, 2025 and 2024.

Intangible Assets

Intangible assets with finite lives are amortized over their estimated useful lives. Intangible assets with indefinite lives are not amortized, but are tested for impairment annually or whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. No impairment was recognized for the three and six months ended June 30, 2025 and 2024.

Property and Equipment

Property and equipment are stated at cost, less accumulated depreciation. Depreciation is calculated using the straight-line method over the asset's estimated useful life of 5 to 15 years. Expenditures for maintenance and repairs are expensed as incurred. When retired or otherwise disposed, the related carrying value and accumulated depreciation are removed from the respective accounts and the net difference less any amount realized from disposition is reflected in earnings.

Leases

The Company determines if an arrangement is a lease at inception. Operating lease right-of-use assets ("ROU assets") and short-term and long-term lease liabilities are included on the face of the consolidated balance sheets.

ROU assets represent the right to use an underlying asset for the lease term and lease liabilities represent the Company's obligation to make lease payments arising from the lease. Operating lease ROU assets and liabilities are recognized at commencement date based on the present value of lease payments over the lease term. As most of the Company's leases do not provide an implicit rate, the Company uses an incremental borrowing rate based on the information available at commencement date over the respective lease term in determining the present value of lease payments. The Company's lease terms may include options to extend or terminate the lease when it is reasonably certain that the Company will exercise that option. Lease expense for lease payments is recognized on a straight-line basis over the lease term. The Company has lease agreements with lease and non-lease components, which are accounted for as a single lease component. For lease agreements with terms less than 12 months, the Company has elected the short-term lease measurement and recognition exemption, and it recognizes such lease payments on a straight-line basis over the lease term.

Net (loss) Per Share

The Company accounts for net loss per share in accordance with Accounting Standards Codification subtopic 260-10, Earnings Per Share ("ASC 260-10"), which requires presentation of basic and diluted earnings per share ("EPS") on the face of the statement of operations for all entities with complex capital structures and requires a reconciliation of the numerator and denominator of the basic EPS computation to the numerator and denominator of the diluted EPS.

Basic net loss per share is computed by dividing net loss by the weighted average number of shares of common stock outstanding during each period. It excludes the dilutive effects of any potentially issuable common shares. The effect of common stock equivalents is anti-dilutive with respect to losses and therefore basic and dilutive is the same.

Diluted net loss per share is calculated by including any potentially dilutive share issuances in the denominator. The following securities are excluded from the calculation of weighted average diluted shares at June 30, 2025 and 2024, respectively, because their inclusion would have been anti-dilutive.

	Six Months Ended June 30,	
	2025	2024
Shares underlying options outstanding	1,530,557	995,187
Shares underlying warrants outstanding	1,532,001	1,765,856
Convertible preferred stock outstanding	240,000	240,000
	<u>3,302,558</u>	<u>3,001,043</u>

Advertising

The Company follows the policy of charging the costs of advertising to expense as incurred. The Company charged to operations \$2,893 and \$11,590 as advertising costs for the three months ended June 30, 2025 and 2024, respectively. The Company charged to operations \$16,133 and \$24,208 as advertising costs for the six months ended June 30, 2025 and 2024, respectively.

Grant Income

On January 17, 2019, the Company received a Notice of Award from the United States Department of Health and Human Services for a grant from the National Institutes of Health ("NIH") in support of BICX102/BICX104 from the National Institute on Drug Abuse. BICX102 is an implantable pellet of naltrexone that was the original product candidate and BICX104 is another pellet of naltrexone that subsequently became the lead product candidate with minor excipient differences between the BICX102 and BICX104. The grant provides for (i) \$2,842,430 in funding during the first year and (ii) \$2,831,838 during the second year subject to the terms and conditions specified in the grant, including satisfactory progress of project and the availability of funds. On August 27, 2021, the Company received a Notice of Award from the United States Department of Health and Human Services for a grant from National Institute on Drug Abuse in support of BICX104 UH3DA047925 ("UH3"). The grant provides for \$3,453,367 in funding during the third year subject to the terms and conditions specified in the grant, including satisfactory progress of project and the availability of funds. On March 31, 2022, the Company received a Notice of Award from the United States Department of Health and Human Services for a grant from National Institute on Drug Abuse. The grant provides for \$99,431 in additional funding during the third year subject to the terms and conditions specified in the grant, including satisfactory progress of project and the availability of funds. Grant payments received prior to the Company's performance of work required by the terms of the research grant are recorded as deferred income and recognized as grant income once work is performed and qualifying costs are incurred.

On March 1, 2024, the Company's subsidiary BioCorRx Pharmaceuticals Inc. was awarded a grant of \$11,029,977 from the National Institutes of Health's National Institute on Drug Abuse, ("NIDA"). The grant provides the Company with additional resources for the ongoing research of BICX104 U01DA059994 ("U01"), a sustained release naltrexone implant for the treatment of methamphetamine use disorder. The grant provides for (i) \$4,131,123 in funding during the first year, (ii) \$3,638,268 during the second-year, and (iii) \$3,260,586 during the third-year subject to the terms and conditions specified in the grant, including satisfactory progress of project and the availability of funds. Government grants are agreements that generally provide cost reimbursement for certain types of expenditures in return for research and development activities over a contractually defined period.

Grant receivables were \$153,728 and \$0 as of June 30, 2025 and December 31, 2024, respectively. Deferred revenues related to the grant were \$6,590 as of June 30, 2025 and December 31, 2024. \$154,270 and \$518,667 were recorded as grant income for the three months ended June 30, 2025 and 2024, respectively. \$68,249 and \$631,630 were recorded as grant income for the six months ended June 30, 2025 and 2024, respectively.

Research and development costs

The Company accounts for research and development costs in accordance with the Accounting Standards Codification subtopic 730-10, Research and Development ("ASC 730-10"). Under ASC 730-10, all research and development costs must be charged to expense as incurred. Accordingly, internal research and development costs are expensed as incurred. Third-party research and development costs are expensed when the contracted work has been performed or as milestone results have been achieved. Company-sponsored research and development costs related to both present and future products are expensed in the period incurred. The Company incurred research and development expenses of \$296,860 and \$536,362 for the three months ended June 30, 2025 and 2024, respectively. The Company incurred research and development expenses of \$458,779 and \$750,196 for the six months ended June 30, 2025 and 2024, respectively.

Stock Based Compensation

Share-based compensation issued to employees is measured at the grant date, based on the fair value of the award, and is recognized as an expense over the requisite service period. The Company measures the fair value of the share-based compensation issued to non-employees at the grant date using the stock price observed in the trading market (for stock transactions) or the fair value of the award (for non-stock transactions), which were considered to be more reliably determinable measures of fair value than the value of the services being rendered.

Income Taxes

Deferred income tax assets and liabilities are determined based on the estimated future tax effects of net operating loss and credit carry forwards and temporary differences between the tax basis of assets and liabilities and their respective financial reporting amounts measured at the current enacted tax rates. The Company records an estimated valuation allowance on its deferred income tax assets if it is more likely than not that these deferred income tax assets will not be realized.

The Company recognizes a tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. The tax benefits recognized in the consolidated financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. As of June 30, 2025 and December 31, 2024, the Company has not recorded any unrecognized tax benefits.

Variable Interest Entity

The Company evaluates all interests in the VIE for consolidation. When the Company's interests are determined to be variable interests, an assessment is made on whether the Company is deemed to be the primary beneficiary of the VIE. The primary beneficiary of a VIE is required to consolidate the VIE. Accounting Standards Codification ("ASC") 810, Consolidation, defines the primary beneficiary as the party that has both (i) the power to direct the activities of the VIE that most significantly impact its economic performance, and (ii) the obligation to absorb losses and the right to receive benefits from the VIE which could be potentially significant. Variable interests are considered in making this determination. Where both of these factors are present, the Company is deemed to be the primary beneficiary and the Company consolidates the VIE.

Non-Controlling Interest

A non-controlling interest should be allocated its share of net income or loss, and its respective share of each component of other comprehensive income, in accordance with ASC 810-10-45-20. Due to a management fee equal to 65% of the Medical Corporation's gross collected monthly revenue, 65% of the Medical Corporation's earnings was allocated to the Company, and 35% to the non-controlling interest. Due to the Company's retaining 75.8% ownership of BioCorRx Pharmaceuticals, Inc., 75.8% of BioCorRx Pharmaceuticals, Inc.'s earnings was allocated to the Company, and 24.2% to the non-controlling interest. See accounting policy "Variable Interest Entity" for further information.

Royalty Obligations, net

The Company accounted for royalty obligations as debt in accordance with ASC 470-10-25 and derived a debt discount, which is amortized using the straight line method over the expected life of the arrangement, which is 15 years. The Company has no obligation to repay the then outstanding balance if during the expected life of 15 years the treatment is discontinued. In order to record the discount of the liability, the Company fair valued the royalty and the difference between fair value of the royalty obligation and the gross projected future payments was \$7,171,200 and was recorded as non-cash interest expense over the life of the liability and offset to additional paid in capital at inception.

Recent Accounting Pronouncements

In December 2023, the FASB issued ASU 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures (ASU 2023-09), which requires disclosure of incremental income tax information within the rate reconciliation and expanded disclosures of income taxes paid, among other disclosure requirements. ASU 2023-09 is effective for fiscal years beginning after December 15, 2024. Early adoption is permitted. The Company's management does not believe the adoption of ASU 2023-09 will have a material impact on its financial statements and disclosures.

In November 2023, the FASB issued ASU 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures. The amendments in this ASU require disclosures, on an annual and interim basis, of significant segment expenses that are regularly provided to the chief operating officer decision maker ("CODM"), as well as the aggregate amount of other segment items included in the reported measure of segment profit or loss. The ASU requires that a public entity disclose the title and position of the CODM and an explanation of how the CODM uses the reported measure(s) of segment profit or loss in assessing segment performance and deciding how to allocate resources. Public entities will be required to provide all annual disclosures currently required by Topic 280 in interim periods, and entities with a single reportable segment are required to provide all the disclosures required by the amendments in this ASU and existing segment disclosures in Topic 280. This ASU is effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024, with early adoption permitted.

There are other various updates recently issued, most of which represented technical corrections to the accounting literature or application to specific industries and are not expected to have a material impact on the Company's financial position, results of operations or cash flows.

NOTE 3 - GOING CONCERN AND MANAGEMENT'S LIQUIDITY PLANS

As of June 30, 2025, the Company had cash of \$11,872 and working capital deficit of \$14,031,643. During the six months ended June 30, 2025, the Company used net cash in operating activities of \$816,122. The Company has not yet generated any significant revenues and has incurred net losses since inception. These conditions raise substantial doubt about the Company's ability to continue as a going concern for the next twelve-month period since the date of the financial statements were issued.

The Company's primary source of operating funds since inception has been from proceeds from private placements of convertible and other debt and the sale of common stock. The Company intends to raise additional capital through private placements of debt and equity securities, but there can be no assurance that these funds will be available on terms acceptable to the Company, or will be sufficient to enable the Company to fully complete its development activities or sustain operations. If the Company is unable to raise sufficient additional funds, it will have to develop and implement a plan to further extend payables, reduce overhead, or scale back its current business plan until sufficient additional capital is raised to support further operations. There can be no assurance that such a plan will be successful.

On March 1, 2024, the Company's subsidiary BioCorRx Pharmaceuticals Inc. was awarded a grant of \$1,029,977 from the National Institutes of Health's National Institute on Drug Abuse, ("NIDA"). The grant provides the Company with additional resources for the ongoing research of BICX104, a sustained release naltrexone implant for the treatment of methamphetamine use disorder. The grant provides for (i) \$4,131,123 in funding during the first year, (ii) \$3,638,268 during the second-year, and (iii) \$3,260,586 during the third-year subject to the terms and conditions specified in the grant, including satisfactory progress of project and the availability of funds. Government grants are agreements that generally provide cost reimbursement for certain types of expenditures in return for research and development activities over a contractually defined period.

During the six months ended June 30, 2025, the Company issued several promissory notes to related parties and received total proceeds of \$47,700. The promissory notes bear no interest and are due on demand.

On March 14, 2024, the Company issued one promissory note to a third party and received total proceeds of \$200,000. The promissory note has a stated interest rate of 8% per annum and is due within 9 months. On July 11, 2024, the Company entered into an amendment agreement to such promissory note. In accordance with the amendment, the parties agreed to modify the amortization payments of the unsecured promissory note. The principal and interest of such promissory note shall be convertible into common stock of the Company at \$1.50 per share unless the Company does not make a note payment on September 14, 2024, in which case the conversion price shall be \$0.75. The exercise price of the warrants issued in connection with the original promissory note was amended from \$2.00 per share to \$1.50 per share unless the Company does not make a note payment in September 2024, in which case the exercise price shall be \$1.00 per share. In exchange for the modification, the Company issued 50,000 shares of restricted stock to the debt holder at \$0.52 per share for a total value of \$26,000. On October 14, 2024, the Company entered into a second amendment agreement to such promissory note. In accordance with the amendment, the parties agreed to modify the maturity date of the note from December 14, 2024 to December 31, 2024. The amortization payments of the note were replaced with a single lump sum payment in the amount of \$275,000. The principal and interest of such promissory note shall be convertible into common stock of the Company at \$0.75 per share unless the Company does not make a note payment on or before December 31, 2024, in which case the conversion price shall be \$0.40. The exercise price of the warrants issued in connection with the original promissory note was amended from \$1.50 per share to \$1.00 per share unless the Company does not make a note payment on or before December 31, 2024, in which case the exercise price shall be \$0.60 per share. In exchange for the modification, the Company issued 75,000 shares of restricted stock to the debt holder at \$0.33 per share for a total value of \$24,750. On December 31, 2024, the Company entered into a third amendment agreement to such promissory note. In accordance with the amendment, the parties agreed to modify the maturity date of the note from December 31, 2024 to February 28, 2025. In exchange for the modification, the Company issued 25,000 shares of restricted stock to the debt holder at \$0.38 per share for a total value of \$9,500. On February 28, 2025, the Company entered into a fourth amendment agreement to such promissory note. In accordance with the amendment, the parties agreed to modify the maturity date of the note from February 28, 2025 to February 28, 2026. The principal amount was increased from \$275,000 to \$330,000. Interest accrued at 5% per annum commencing on March 1, 2025. And the conversion price of the debt was adjusted to \$0.33.

On March 8, 2024, the Company entered into an amendment agreement to a promissory note, which was originally issued to a third party on November 10, 2023. In accordance with the amendment, the parties agreed to modify the amortization payments of the unsecured promissory note. In exchange for the modification, the Company issued 15,000 shares of restricted stock to the debt holder at \$1.00 per share for a total value of \$15,000. On July 11, 2024, the Company entered into a second amendment agreement to such promissory note. In accordance with the amendment, the parties agreed to modify the maturity date of the note from August 10, 2024 to September 30, 2024. The amortization payments of the note were replaced with a single lump sum payment in the amount of \$275,000. The principal and interest of such promissory note shall be convertible into common stock of the Company at \$1.50 per share unless the Company does not make a payment on September 30, 2024, in which case the conversion price shall be \$0.75. The exercise price of the warrants issued in connection with the original promissory note was amended from \$2.00 per share to \$1.50 per share unless the Company does not make a note payment on September 30, 2024, in which case the exercise price shall be \$1.00 per share. In exchange for the modification, the Company issued 50,000 shares of restricted stock to the debt holder at \$0.52 per share for a total value of \$26,000. On October 14, 2024, the Company entered into a third amendment agreement to such promissory note. In accordance with the amendment, the parties agreed to modify the maturity date of the note from September 30, 2024 to December 31, 2024. The principal and interest of such promissory note shall be convertible into common stock of the Company at \$0.75 per share unless the Company does not make a payment on or before December 31, 2024, in which case the conversion price shall be \$0.40. The exercise price of the warrants issued in connection with the original promissory note was amended from \$1.50 per share to \$1.00 per share unless the Company does not make a note payment on or before December 31, 2024, in which case the exercise price shall be \$0.60 per share. In exchange for the modification, the Company issued 75,000 shares of restricted stock to the debt holder at \$0.33 per share for a total value of \$24,750. On December 31, 2024, the Company entered into a fourth amendment agreement to such promissory note. On February 6, 2025, the Company entered into a second amendment agreement to such promissory note. In accordance with the amendment, the parties agreed to modify the maturity date of the note from February 6, 2025 to February 6, 2026. On August 6, 2025, the principal balance of the promissory note will begin to accrue 10% interest. The interest rate shall increase to 20% if a monthly payment is 30 days date. In exchange for the modification, the Company issued 79,500 shares of restricted stock to the debt holder at \$0.35 per share for a total value of \$27,825.

On January 21, 2025, the Company entered into an Exchange Agreement (the “Louis 2025 Exchange Agreement#1”) with Mr. Lucido, pursuant to which Mr. Lucido agreed to exchange of the promissory note then outstanding of \$725,000 into the Company’s 1,770,452 shares of common stock at \$0.41 per share.

On March 4, 2025, the Company and BioCorRx Pharmaceuticals, Inc. entered into the APA with the Seller. The Seller does business as US WorldMeds. Pursuant to the APA, BioCorRx Pharmaceuticals, Inc. purchased certain assets and assumed certain liabilities related to Lucemyra, an FDA approved prescription medication for opioid withdrawal. The upfront purchase price was \$400,000 to be paid via Seller’s retention, until such amounts equal \$400,000 of 50% of the Net Sales (as defined in the APA) of Lucemyra and 50% of the Net Distributable Profits (as defined in the APA) of the generic version of Lucemyra. The Company shall also pay to the Seller a royalty equal to 3% of the Net Sales of Lucemyra and 3% of the Net Distributable Profits of the generic version of Lucemyra on a calendar quarter basis. Royalty payments shall commence on the date of the acquisition and shall continue for a period of 5 years following the date of the acquisition. Additionally, as part of the consideration paid to the Seller for the purchase of the assets, the Company issued 500,000 shares of the Company’s common stock at \$0.31 per share, and issued a warrant to the Seller for the purchase of 500,000 shares of common stock. The warrant is exercisable for two years and has an exercise price of \$1.00 per share.

On March 7, 2025, the Company entered into a Repayment Agreement (the “Repayment Agreement”) with a third party, pursuant to which the third party agreed to exchange of the service fees of \$40,000 into the Company’s 103,627 shares of common stock at \$0.39 per share.

On March 31, 2025, the Company entered into an Exchange Agreement (the “Louis 2025 Exchange Agreement#2”) with Mr. Lucido, pursuant to which Mr. Lucido agreed to exchange of the promissory note then outstanding of \$200,000 into the Company’s 585,394 shares of common stock at \$0.34 per share.

Accordingly, the accompanying consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”), which contemplate continuation of the Company as a going concern and the realization of assets and satisfaction of liabilities in the normal course of business. The carrying amounts of assets and liabilities presented in the financial statements do not necessarily purport to represent realizable or settlement values. The consolidated financial statements do not include any adjustment that might result from the outcome of this uncertainty.

NOTE 4 – BUSINESS COMBINATION

On March 4, 2025, the Company and BioCorRx Pharmaceuticals, Inc. entered into the APA with the Seller. The Seller does business as US WorldMeds. Pursuant to the APA, BioCorRx Pharmaceuticals, Inc. purchased certain assets and assumed certain liabilities related to Lucemyra, an FDA approved prescription medication for opioid withdrawal. The upfront purchase price was \$400,000 to be paid via Seller’s retention, until such amounts equal \$400,000 of 50% of the Net Sales (as defined in the APA) of Lucemyra and 50% of the Net Distributable Profits (as defined in the APA) of the generic version of Lucemyra. The Company shall also pay to the Seller a royalty equal to 3% of the Net Sales of Lucemyra and 3% of the Net Distributable Profits of the generic version of Lucemyra on a calendar quarter basis. Royalty payments shall commence on the date of the acquisition and shall continue for a period of 5 years following the date of the acquisition. Additionally, as part of the consideration paid to the Seller for the purchase of the assets, the Company issued 500,000 shares of the Company’s common stock at \$0.31 per share, and issued a warrant to the Seller for the purchase of 500,000 shares of common stock. The warrant is exercisable for two years and has an exercise price of \$1.00 per share.

The following table summarizes the consideration transferred and the amounts of identified assets acquired and liabilities assumed at the date of the acquisition:

Fair value of consideration transferred:

Upfront purchase price	\$	392,441
Royalty payments		192,365
Stock consideration		153,500
Warrant consideration		89,770
Total		<u>828,076</u>

Recognized amounts of identifiable assets acquired and liabilities assumed:

Inventories	\$	133,597
Trademarks (included in intangibles)		452,000
Customer base (included in intangibles)		2,709,500
Other payable		(5,307,421)
Total identifiable net assets	\$	(2,012,324)
Goodwill		<u>2,840,400</u>

The Company issued 500,000 shares of common stock that had a total fair value of \$53,500 based on the closing market price of \$0.31 per share on March 4, 2025, the acquisition date.

The fair value of warrant was estimated by applying the Black-Scholes option pricing model. The Company used the following assumptions:

Risk-free interest rate	3.96%
Expected term (years)	2.00
Expected volatility	161.00%
Expected dividends	0.00

The fair value of the upfront purchase price and royalty payments recognized on the acquisition date of \$92,441 and \$192,365, respectively, were estimated by applying the income approach. That measure is based on significant Level 3 inputs not observable in the market. Revenues related to the timing of the upfront purchase price payments and royalty payments were based on management's financial projections. The upfront purchase price payments were discounted at the risk-free rate of 4.04%. The royalty payments were risk adjusted and discounted at the required metric risk premium of 27.78%.

The fair value of the identifiable intangible assets acquired include the following:

	Fair Value	Estimated useful life
Trademark	\$ 452,000	Indefinite
Customer base	2,709,500	10

All finite-lived intangible assets are amortized on a straight-line basis, which approximates the pattern in which the economic benefits of the intangible assets are consumed. Goodwill represents the excess of the purchase price over the fair value of the net tangible and intangible assets acquired and is primarily attributable to intangible assets that do not qualify for separate recognition, including the assembled workforce of the acquired business, and expected synergies at the time of the acquisition.

Pro Forma Financial Information (Unaudited)

The acquired business contributed revenues of \$311,347 and earnings of \$258,504 to the Company for the period from March 4, 2025 to June 30, 2025. The following unaudited pro forma financial information summarizes the results of operations for the Company as though the Business Combination had occurred on January 1, 2024.

	Three months ended June 30, 2025 (Unaudited)	Three months ended June 30, 2024 (Unaudited)	Six months ended June 30, 2025 (Unaudited)	Six months ended June 30, 2024 (Unaudited)
Total revenue	\$ 178,238	\$ 180,493	\$ 313,137	\$ 319,012
Net loss	\$ (1,181,002)	\$ (1,358,449)	\$ (2,056,819)	\$ (2,567,788)

These pro forma amounts have been calculated after applying the Company's accounting policies and reflecting the additional amortization that would have been charged assuming the fair value adjustments to intangible assets had been applied from January 1, 2024, with the consequential tax effects.

During the period from March 4, 2025 to June 30, 2025, the Company incurred \$219,359 of acquisition-related costs. These expenses are included in operating expenses on the Company's consolidated statement of operations for the three and six months ended June 30, 2025. The 2025 supplemental pro forma earnings were adjusted to exclude the \$219,359 of acquisition-related costs, and instead, these costs are reflected in pro forma earnings for the three and six months ended June 30, 2024 in the table above.

NOTE 13 - ROYALTY OBLIGATIONS, NET

In March 2019, the Company entered into two Subscription and Royalty Agreements (the “Subscription and Royalty Agreements”). One was with Louis and Carolyn Lucido CRT LLC, managed by Mr. Lucido, a member of the Company’s Board of Directors and the other one was with the J and R Galligan Revocable Trust, managed by Mr. Galligan, a holder of between 15% and 20% of the Company’s shares of common stock and a member of the Company’s Board of Directors. Pursuant to the Subscription and Royalty Agreements: (i) each party would purchase shares of the Company’s common stock, par value \$0.001 per share (the “Common Stock”), in the aggregate amount of \$3,000,000 at a purchase price of \$15.00 per share (the “Purchase Price”), for a total of 200,000 shares of Common Stock; and (ii) the Company shall pay each (a) a total of \$37.50 from the gross revenue derived from each of its weight loss treatments sold in the United States starting on the first (1st) day that the first unit of the treatment is sold (the “Initial Sales Date”) and ending on the third (3rd) anniversary of the Initial Sales Date; and (b) a total of \$25.00 from the gross revenue derived from each of its weight loss treatments sold in the United States starting on the day following the third (3rd) anniversary of the Initial Sales Date and ending on the fifteenth (15th) anniversary of the Initial Sales Date (the “Royalty”).

The Company accounted for this transaction as debt in accordance with ASC 470-10-25 and derived a debt discount, which is amortized using the straight line method over the expected life of the arrangement, which is 15 years. The Company has no obligation to repay the then outstanding balance if during the expected life of 15 years the treatment is discontinued. In order to record the discount of the liability, the Company fair valued the royalty and the difference between fair value of the royalty obligation and the gross projected future payments was \$7,171,200 and was recorded as non-cash interest expense over the life of the liability and offset to additional paid in capital at inception.

During the three months ended June 30, 2025 and 2024, the Company amortized \$118,554 as interest expense. During the six months ended June 30, 2025 and 2024, the Company amortized \$233,888 and \$237,108, respectively, as interest expense.

Option valuation models require the input of highly subjective assumptions. The fair value of stock-based payment awards was estimated using the Black-Scholes option model with a volatility figure derived from using the Company's historical stock prices. The Company accounts for the expected life of options based on the contractual life of options for non-employees. For employees, the Company accounts for the expected life of options in accordance with the "simplified" method, which is used for "plain-vanilla" options, as defined in the accounting standards codification. The risk-free interest rate was determined from the implied yields of U.S. Treasury zero-coupon bonds with a remaining life consistent with the expected term of the options.

In applying the Black-Scholes option pricing model, the Company used the following assumptions during the six months ended June 30, 2025:

	2025
Risk-free interest rate	3.79-3.96%
Expected term (years)	5.00
Expected volatility	171.10-171.53%
Expected dividends	0.00

The following table summarizes the stock option activity for the six months ended June 30, 2025:

	Shares	Weighted-Average Exercise Price	Weighted-Average Remaining Contractual Term	Aggregate Intrinsic Value
Outstanding at December 31, 2024	1,372,520	\$ 4.15	3.4	\$ 20,906

NOTE 19 - COMMITMENTS AND CONTINGENCIES

Royalty agreement

Alpine Creek Capital Partners LLC

On December 10, 2015, the Company entered into a royalty agreement with Alpine Creek Capital Partners LLC (“Alpine Creek”). The Company is in the business of selling a distinct implementation of the Beat Addiction Recovery Program, a two-tiered comprehensive MAT program, which includes a counseling program, coupled with its proprietary Naltrexone Implant (the “Treatment”).

In consideration for the payment, with the exception of treatments conducted in certain territories, the Company will pay Alpine Creek fifty percent (50%) of the Company’s gross profit for each Treatment sold in the United States that includes procurement of the Company’s implant product until the Company has paid Alpine Creek \$1,215,000. In the event that the Company has not paid Alpine Creek \$1,215,000 within 24 months of the Effective Date, then the Company shall continue to pay Alpine Creek fifty percent (50%) for each Treatment following the Effective Date until the Company has paid Alpine Creek an aggregate of \$1,620,000, with the exception of treatments conducted in certain territories. The remaining total consideration is \$1,531,926 as of June 30, 2025 and December 31, 2024. Upon the Company’s satisfaction of these obligations, the Company shall pay Alpine Creek \$100 for each treatment sold in the United States that includes procurement of the Company’s implant product, into perpetuity. As of June 30, 2025 and December 31, 2024, the amount of royalty due and owed is \$91.

On any other proprietary implant distribution, that excludes the “treatment”, for alcohol and opioid addiction and for which no other payment is due, the Company shall pay 2.5% of the Company’s gross profit for implant distribution not to exceed \$100 per sale. On or about January 1, 2021, Mr. Galligan acquired from Alpine Creek the rights to the royalty agreement by and between the Company and Alpine Creek. As of June 30, 2025 and December 31, 2024, there are no payments due.

BICX Holding Company LLC

Effective September 30, 2019, the Company entered into a Conversion Agreement (the “Conversion Agreement”) with BICX Holding Company LLC (“BICX”), an entity controlled by Alpine Creek, pursuant to which the parties agreed to the conversion (the “Conversion”) of the Senior Secured Convertible Promissory Note in the principal amount of \$4,160,000 (the “Note”), which was issued by the Company to the Investor on June 10, 2016, into 2,227,575 shares of the Company’s common stock (the “Conversion Shares”).

In accordance with the Conversion Agreement, the Company cannot enter into any agreement to issue or announce the issuance or proposed issuance of any shares of common stock or common stock equivalents at an issuance price below \$2.00 per share.

Pursuant to the Conversion Agreement, BICX has agreed that the Total Interest Payment (as defined in the Conversion Agreement) that would have been due under the Note, in the amount of \$1,138,157, will be reflected on the Company’s financial statements as an amount due and owing to the Investor to be repaid within twelve (12) months of the closing of the Public Offering, or if the Public Offering is terminated or abandoned prior to closing, then on or before such date that is no later than twelve (12) months from the date of such termination or abandonment. As of June 30, 2025, the Public Offering has not yet been abandoned by the Company.

Charles River Laboratories, Inc.

On May 24, 2019, the Company entered into a Master Services Agreement (the “MSA”) with Charles River Laboratories, Inc. (“Charles River”). Pursuant to the MSA, Charles River will be conducting studies with regard to BICX102/BICX104. Studies will be conducted pursuant to Statements of Work entered into by the Company and Charles River.

On May 30, 2019, the Company and Charles River entered into two separate Statements of Work pursuant to which Charles River is conducting a total of six studies. The Company will pay Charles River the total amended consideration of \$3,024,476 for these six studies.

The remaining commitment to Charles River is \$28,936.

On January 11, 2022, the Company entered into a Master Clinical Trial Agreement (the “MCTA”) with Memorial Research Medical Clinic dba Orange County Research Center (the “OCRC”). Researchers at the OCRC will perform Phase 1 clinical trial with BICX104. The total consideration the Company will pay MCTA for the Phase 1 clinical trial is \$657,640.

Pursuant to a Task Order entered into in February 2022 the first payment owed to the OCRC equaling approximately \$45,000 will be invoiced monthly as services are rendered. As of June 30, 2025, \$0 was due to OCRC.

The MCTA will terminate upon either party giving 30 days’ written notice (provided, in the case of the OCRC, it has performed all Task Orders or they have been terminated by the Company for good cause). The Company can suspend a clinical trial for any reason and the OCRC can suspend a clinical trial if it deems, using good medical judgment, it is appropriate to do so.

The total consideration paid to OCRC as of June 30, 2025 is \$503,089.

Agreements

As of May 14, 2021, the Company has entered into four consulting agreements. In compensation for services: (i) one consultant shall receive a remuneration amount of \$10,000-\$12,500 per month and has earned 1% of the Company’s majority owned subsidiary, BioCorRx Pharmaceuticals as of May 7, 2021 based on FDA clearance of Company’s IND application; consulting agreement terminated in April 2021 (ii) one consultant shall receive common stock equivalent to \$1,375 on the last day of each month; (iii) two consultants shall receive common stock equivalent to \$3,750 on the last day of each month; and (iv) one consultant shall receive a remuneration amount of \$3,500 per month.

As of June 30, 2025, one 24-month consulting agreement for services which the consultant shall receive a one-time grant of 3,000 shares of common stock and common stock equivalent to \$1,417 on the last day of each month.

The Company initiated litigation in 2019 based on a claim that Pellecome, LLC (“Pellecome”) and Dr. Orbeck utilized the Company’s confidential information to advance their own weight loss product.

The Company dismissed this litigation without prejudice in July 2021.

On March 30, 2022, the court entered judgment in favor of Pellecome as an individual defendant whereby the Company was ordered to pay Pellecome total costs and attorneys’ fees of \$235,886. Pursuant to the judgment, this amount is accruing interest at the rate of ten percent (10%) per annum from October 6, 2021 (the date of the original award of attorneys’ fees by the court which was followed by a number of filings by each party through February 2022).

On May 27, 2022, the Company filed a notice of appeal with California Superior Court for Orange County regarding the March 30, 2022 judgment entered in favor of Pellecome. On February 2, 2023, the Company filed a motion requesting the California Superior Court for Orange County reverse and remand its prior ruling, including reversing the granting of Pellecome \$222,933 in attorney’s fees. On October 4, 2023 the Court of Appeal of the State of California upheld the March 30, 2022 judgement in favor of Pellecome whereby \$222,933 was awarded in attorney’s fees. On January 5, 2024 the California Superior Court for Orange County entered an amended judgement of \$332,503 in favor of Pellecome for costs and attorneys’ fees, in addition to the \$332,503 judgement the Company owes accrued interest of \$94,816. On March 11, 2025, the Company entered into a settlement agreement with Pellecome (the “Settlement Agreement”) pursuant to which the Company shall pay to Pellecome \$418,000 to settle the claims. As of June 30, 2025, \$258,000 remains outstanding.

On January 5, 2024 the Company's board of directors appointed Lou Lucido as Interim President through January 31, 2024, and transitioned to President on February 1, 2024. Mr. Lucido will remain a member of the Board of Directors, with an annual compensation of \$200,000 to be paid in equity.

On March 4, 2025, the Company appointed Katy DeVarney as a member of the board of directors. The director shall receive a quarterly cash stipend of \$15,000 and shall be issued, upon the last day of each fiscal quarter, the number of shares of the Company's common stock equivalent to \$5,000 as determined based on the average closing price on the three trading days immediately preceding the last day of such quarter.

NOTE 20 – SEGMENT INFORMATION

ASC Topic 280, "Segment Reporting," establishes standards for companies to report in their financial statement information about operating segments, products, services, geographic areas, and major customers. Operating segments are defined as components of an enterprise that engage in business activities from which it may recognize revenues and incur expenses, and for which separate financial information is available that is regularly evaluated by the Company's chief operating decision maker, or group, in deciding how to allocate resources and assess performance.

The Company's chief operating decision maker ("CODM") has been identified as the Chief Executive Officer, who reviews the assets, operating results, and financial metrics for the Company as a whole to make decisions about allocating resources and assessing financial performance. The recent acquisition is not considered as a separate reporting segment as it includes a core research and development component and is aligned with the Company's longstanding focus on drug development and research and development initiatives over the past years. The acquisition supports and enhances the Company's existing research and development efforts, with commercialization viewed as an integral part of the research and development lifecycle. Management continues to evaluate the Company's operations on a consolidate basis. As such, management has determined that there is only one reportable segment.

The CODM assesses performance for the single segment and decides how to allocate resources based on net income or loss that also is reported on the statement of operations as net income or loss. The measure of segment assets is reported on the balance sheet as total assets. When evaluating the Company's performance and making key decisions regarding resource allocation, the CODM reviews several key metrics included in net income or loss and total assets, which include the following:

	June 30, 2025		December 31, 2024	
Cash	\$ 111,872		\$ 88,033	
	For the Three Months Ended June 30, 2025	For the Three Months Ended June 30, 2024	For the Six Months Ended June 30, 2025	For the Six Months Ended June 30, 2024
Research and development	\$ 296,860	\$ 536,362	\$ 458,779	\$ 750,196
Selling, general and administrative	\$ 1,223,321	\$ 830,321	\$ 2,109,404	\$ 1,580,419

Research and development expenses and general and administrative expenses are reviewed and monitored by the CODM to manage and forecast cash to ensure enough capital is available to operate the business. Research and development costs and general and administrative costs, as reported on the statements of operations, are the significant segment expenses provided to the CODM on a regular basis.

NOTE 21 – CONTINGENT PAYMENT

As part of the consideration to the Seller for the purchase of the asset on March 4, 2025, the Company shall pay upfront purchase price of \$400,000 via Seller's retention, until such amounts equal \$400,000 of 50% of the Net Sales (as defined in the APA) of Lucemyra and 50% of the Net Distributable Profits (as defined in the APA) of the generic version of Lucemyra. The Company shall also pay to the Seller a royalty equal to 3% of the Net Sales of Lucemyra and 3% of the Net Distributable Profits of the generic version of Lucemyra on a calendar quarter basis. Royalty payments shall commence on the date of the acquisition and shall continue for a period of 5 years following the date of the acquisition. The upfront purchase price and the royalty payment are representative of contingent consideration.

The fair value of the upfront purchase price and royalty payments were estimated by applying the income approach. That measure is based on significant Level 3 inputs not observable in the market. Revenues related to the timing of the upfront purchase price payments and royalty payments were based on management's financial projections.

Changes in fair value of the contingent payments during the three and six months ended June 30, 2025 were as follows:

	Upfront Purchase Price	Royalty Payment
Fair value on the acquisition date	\$ 392,441	\$ 192,365
Payments	(67,449)	(4,047)
Change in fair value	4,500	2,611
Fair value as of March 31, 2025	\$ 329,492	\$ 190,929
Payments	(88,224)	(9,123)
Change in fair value	394	(33,935)
Fair value as of June 30, 2025	<u>241,662</u>	<u>147,871</u>

NOTE 22 - SUBSEQUENT EVENTS

Subsequent to June 30, 2025, the Company issued an aggregate of 72,597 shares of its common stock for the Company's President stock compensation and consulting services valued at \$29,875.

On July 29, 2025, the Company entered into a securities purchase agreement with accredited investors. Pursuant to the agreement the Purchasers purchased from the Company, for an aggregate purchase price of \$350,000: (i) common stock purchase warrant to purchase up to an aggregate of 1,000,000 shares of the Company's common stock, par value \$0.001 per share, and (ii) an aggregate of 1,000,000 shares of Common Stock.

On July 18, 2025 the Company entered into an exchange agreement with Louis Lucido and issued an aggregate of 582,511 shares of its common stock to exchange related party advances of \$212,500.

Business Overview

BioCorRx Inc., through its subsidiaries, develops and provides addiction treatment solutions offering a unique approach to the treatment of substance use and other related disorders. The Company also controls BioCorRx Pharmaceuticals Inc., a clinical-stage drug development subsidiary currently seeking FDA approval for BICX104, an implantable naltrexone pellet for the treatment of alcohol and opioid use disorders.

Beat Addiction Recovery is a substance use disorder recovery program that typically includes BioCorRx's proprietary Cognitive Behavioral Therapy (CBT) modules along with peer support via mobile app along with medication prescribed by an independent treating physician under their discretion.

The UnCraveRx® Weight Loss Program is also a medication-assisted weight loss program that includes access to concierge on-demand wellness specialists: nutritionists, fitness experts, and personal support from behavioral experts.

BioCorRx makes the Beat Addiction Recovery Program and UnCraveRx® Weight Loss Management Program available to healthcare providers to utilize when the healthcare provider determines it is medically appropriate and indicated for his or her patients. Any physician or medical professional is solely responsible for treatment options prescribed or recommended to his or her patients.

BioCorRx has issued several license and distribution agreements to several unrelated third parties involving the establishment of alcoholism and opioid addiction rehabilitation and treatment centers and creating certain addiction rehabilitation programs.

BICX102 is an implantable pellet of naltrexone that was the original product candidate being developed under award UG3DA047925 and BICX104 is another pellet of naltrexone that subsequently became the lead product candidate with minor excipient differences between the BICX102 and BICX104. BICX102/BICX104 research was supported by the National Institute On Drug Abuse of the National Institutes of Health under Award Number UG3DA047925 and UH3DA047925.

BICX104 is being developed through a cooperative agreement with the National Institutes of Health (NIDA), part of the National Institutes of Health (NIH), under award number UH3DA047925, funded by the Helping to End Addiction Long-term Initiative, or NIH HEAL Initiative. This award is subject to the Cooperative Agreement Terms and Conditions of Award as set forth in RFA DA-19-002 entitled, Development of Medications to Prevent and Treat Opioid Use Disorders (OUD) and Overdose (UG3/UH3) (Clinical Trial Optional).

BICX104 is a biodegradable, long-acting subcutaneous pellet of naltrexone for the treatment of opioid use disorder (OUD) being developed with the goal of improving patient compliance to naltrexone therapy compared to other marketed treatments. In Phase I, an open-label, single-center study in two parallel groups of randomized healthy volunteers to evaluate the PK and safety of BICX104 and the once-a-month intramuscular naltrexone injection (Vivitrol), BICX104 was well tolerated with no serious adverse events and achieved 84 days of therapeutic naltrexone plasma concentrations. BICX104 is being developed under BioCorRx Pharmaceuticals Inc., the Company's majority-owned clinical-stage pharmaceutical subsidiary.

In August 2017, the Company announced that it had decided to seek U.S. Food and Drug Administration (the "FDA") approval on BICX102. BICX102 is a long-acting naltrexone implant that can last several months being developed for opioid dependence and alcohol use disorders. The pre-IND meeting date for BICX102 took place on January 24, 2018. On February 12, 2018, the Company announced that the FDA deemed the 505(b)(2) pathway as an acceptable route for approval for BICX102. A grant application was submitted to the National Institutes of Health on May 14, 2018 for funding the development and study plans for BICX102. On January 17, 2019, the Company received a Notice of Award from the United States Department of Health and Human Services for a grant from the National Institutes of Health ("NIH") in support of BICX102/BICX104 from the National Institute on Drug Abuse. The grant provided for (i) \$2,842,430 in funding during the first year and (ii) \$2,831,838 during the second year subject to the terms and conditions specified in the grant, including satisfactory progress of project and the availability of funds. In January 2020, the Company was awarded a second year of funding from the National Institute on Drug Abuse ("NIDA") to support the development of a 3-month implantable depot pellet of naltrexone for the treatment of Opioid Use Disorder, which the Company refers to as BICX102/BICX104. The grant provided for \$2,831,838 during the second year subject to the terms and conditions specified in the grant, including satisfactory progress of project and availability of funds. BICX102 is an implantable pellet of naltrexone that was the original product candidate and BICX104 is another pellet of naltrexone that subsequently became the lead product candidate with minor excipient differences between the BICX102 and BICX104. On August 27, 2021, the Company received a Notice of Award from the United States Department of Health and Human Services for a grant from National Institute on Drug Abuse for BICX104. The grant provides for \$3,453,367 in funding during the third year subject to the terms and conditions specified in the grant, including satisfactory progress of project and the availability of funds. On March 31, 2022, the Company received a Notice of Award from the United States Department of Health and Human Services for a grant from National Institute on Drug Abuse. The grant provides for \$99,431 in additional funding during the third year subject to the terms and conditions specified in the grant, including satisfactory progress of project and the availability of funds.

On March 1, 2024, the Company's subsidiary BioCorRx Pharmaceuticals Inc. was awarded a grant of \$11,029,977 from the National Institutes of Health's National Institute on Drug Abuse, ("NIDA"). The grant provides the Company with additional resources for the ongoing research of BICX104, a sustained release naltrexone implant for the treatment of methamphetamine use disorder (MUD). The grant provides for (i) \$4,131,123 in funding during the first year, (ii) \$3,638,268 during the second-year, and (iii) \$3,260,586 during the third-year subject to the terms and conditions specified in the grant, including satisfactory progress of project and the availability of funds. Government grants are agreements that generally provide cost reimbursement for certain types of expenditures in return for research and development activities over a contractually defined period.

About MUD. Research has shown that methamphetamine is a highly addictive stimulant and one of the most misused stimulant drugs in the world. Some of the side effects of MUD are severe dental problems, memory loss, aggression, psychotic behavior, and damage to the cardiovascular system. In 2022 the National Survey on Drug Use and Health reported that more than 16.6 million people used methamphetamine at least once during their lifetime.

About OUD. OUD is a chronic disorder, with serious potential consequences including disability, relapses, and death. Opioids, used medically for pain relief, have analgesic and central nervous system depressant effects as well as the potential to cause euphoria with an overpowering desire to use opioids despite the consequences. OUD can involve misuse of prescribed opioid medications, use of diverted opioid medications, or illicitly obtained heroin. OUD is typically a chronic and relapsing illness, that is associated with significantly increased rates of morbidity and mortality.

Grant receivables were \$153,728 and \$0 as of June 30, 2025 and December 31, 2024, respectively. Deferred revenues related to the grant were \$56,590 as of June 30, 2025 and December 31, 2024. \$154,270 and \$518,667 were recorded as grant income during the three months ended June 30, 2025 and 2024, respectively. \$568,249 and \$631,630 were recorded as grant income during the six months ended June 30, 2025 and 2024, respectively.

On March 4, 2025, the Company and its majority owned subsidiary, BioCorRx Pharmaceuticals, Inc. entered into an Asset Purchase Agreement (the “APA”) with USWM, LLC (the “Seller”). The Seller does business as US WorldMeds. Pursuant to the APA, BioCorRx Pharmaceuticals, Inc. purchased certain assets and assumed certain liabilities related to Lucemyra, a U.S. Food and Drug Administration (the “FDA”) approved prescription medication for opioid withdrawal. Supply and distribution sales are generated from the sales of the Lucemyra products and the distribution license granted to the distributors.

Revenues

Total net revenues for the three months ended June 30, 2025 were \$178,238 compared with \$4,045 for the three months ended June 30, 2024, reflecting an increase of 4,306%. The primary reason for the increase in net revenues is directly related to the new Lucemyra® distribution sales. Sales/access fees for the three months ended June 30, 2025 and 2024 were \$1,790 and \$0, respectively, reflecting an increase of \$1,790. The primary reason for the increase in 2025 is directly related to the increased number of patients treated at licensed clinics. Distribution rights income for the three months ended June 30, 2025 and 2024 were \$0 and \$4,045, respectively. The primary reason for the decrease in distribution rights income was due to the deferred revenues from certain licenses were fully amortized. The supply and distribution net sales for the three months ended June 30, 2025 and 2024 were \$176,448 and \$0, respectively. BioCorRx Pharmaceuticals, Inc. entered into several exclusive and nonexclusive distribution agreements as part of the USWM LLC Asset Purchase Agreement dated March 4, 2025. The distribution arrangements may include: (i) that the Company grants rights to the counterparty to distribute the product, and (ii) the Company supplies the product. Under an exclusive distribution and supply arrangement, the services are not distinct, and revenue is recognized as a single performance obligation. Distribution sales are generated through the distribution arrangements. The Company receives a share of the net distributable profits earned by its distributors, which is recognized when one or more of the following events occur: (i) control of the asset transfers to the end customer; and (ii) the single performance obligation has been satisfied.

Total Operating Expenses

Total operating expenses for the three months ended June 30, 2025 and 2024 were \$1,592,158 and \$1,373,397, respectively, reflecting an increase of \$218,761. The reasons for the increase in 2025 are primarily due to an increase of \$226,682 in consulting expense from \$124,673 for the three months ended June 30, 2024 to \$351,355 for the three months ended June 30, 2025.

Interest Expense - Related Parties

Interest expense - related parties for the three months ended June 30, 2025 and 2024 were \$164,371 and \$203,549, respectively. The decrease was mainly due to the full amortization of certain debt discounts before 2025.

Interest Expense

Interest expense for the three months ended June 30, 2025 and 2024 were \$36,686 and \$317,907, respectively. The decrease was mainly due to (i) the full amortization of certain debt discounts before 2025 and (ii) the accrual of interest pursuant to the California Superior Court for Orange County's amended judgement in favor of Pellecome during 2024.

Loss on Settlement of Debt

Loss on settlement of debt for the three months ended June 30, 2025 and 2024 were \$55,000 and \$0, respectively. The increase is mainly due to the amendment to one promissory note during the second quarter of 2025, which was treated as an extinguishment of the old debt and an issuance of the new debt.

Grant Income

During the three months ended June 30, 2025 and 2024, the Company recognized grant income of \$154,270 as compared to \$518,667 for the comparable period last year. The decrease in grant income was due to:

(i) On May 7, 2021, the FDA cleared the Company's Investigational New Drug Application (IND) application for BICX104. On August 27, 2021, the Company received a Notice of Award from the United States Department of Health and Human Services for a grant from National Institute on Drug Abuse UH3. The grant provides for \$3,453,367 in funding during the third year subject to the terms and conditions specified in the grant, including satisfactory progress of project and the availability of funds. On March 31, 2022, the Company received a Notice of Award from the United States Department of Health and Human Services for a grant from National Institute on Drug Abuse. The grant provides for \$99,431 in additional funding during the third year subject to the terms and conditions specified in the grant, including satisfactory progress of project and the availability of funds. The funds are available to reimburse the Company for certain incurred direct costs and 17% of indirect costs. Indirect costs are costs that are not directly related to the project itself but are required to conduct the research and are critical to the success of the project and the organization as a whole.

(ii) on March 1, 2024 the Company's subsidiary BioCorRx Pharmaceuticals Inc received a Notice of Award from the United States Department of Health and Human Services for a grant from National Institute on Drug Abuse U01 for the Methamphetamine Use Disorder Studies. The grant provides for \$4,131,122 in funding during the first year subjects to terms and conditions specified in the grant, including satisfactory progress of project and availability of funds.

The primary reason for the increase in net revenues is directly related to the new Lucemyra® distribution sales. Sales/access fees for the six months ended June 30, 2025 and 2024 were \$1,790 and \$2,205, respectively, reflecting a decrease of \$415. The primary reason for the decrease in 2025 is directly related to the decreased number of patients treated at licensed clinics. Distribution rights income for the six months ended June 30, 2025 and 2024 were \$0 and \$4,045, respectively. The primary reason for the decrease in distribution rights income was due to the deferred revenues from certain licenses were fully amortized. Membership/program fees for the six months ended June 30, 2025 and 2024 were \$0 and \$1,415, respectively. The primary reason for the decrease in 2025 was due to the decreased customers of the Company's UnCraveRx™ Weight Loss Management Program. The supply and distribution net sales for the six months ended June 30, 2025 and 2024 were \$311,347 and \$0, respectively. BioCorRx Pharmaceuticals, Inc. entered into several exclusive and nonexclusive distribution agreements as part of the USWM LLC Asset Purchase Agreement dated March 4, 2025. The distribution arrangements may include: (i) that the Company grants rights to the counterparty to distribute the product, and (ii) the Company supplies the product. Under an exclusive distribution and supply arrangement, the services are not distinct, and revenue is recognized as a single performance obligation. Distribution sales are generated through the distribution arrangements. The Company receives a share of the net distributable profits earned by its distributors, which is recognized when one or more of the following events occur: (i) control of the asset transfers to the end customer; and (ii) the single performance obligation has been satisfied.

Total Operating Expenses

Total operating expenses for the six months ended June 30, 2025 and 2024 were \$2,665,003 and \$2,345,709, respectively, reflecting an increase of \$319,294. The reasons for the increase in 2025 are primarily due to (i) an increase of \$229,129 in consulting expense from \$263,155 for the six months ended June 30, 2024 to \$492,284 for the six months ended June 30, 2025, (ii) an increase of \$198,684 in accounting and legal fees from \$607,148 for the six months ended June 30, 2024 to \$805,832 for the six months ended June 30, 2025, and (iii) an increase of \$83,393 in depreciation and amortization from \$13,427 for the six months ended June 30, 2024 to \$96,820 for the six months ended June 30, 2025, partially offset by a decrease of \$291,417 in research and development expense from \$750,196 for the six months ended June 30, 2024 to \$458,779 for the six months ended June 30, 2025.

Interest Expense - Related Parties

Interest expense - related parties for the six months ended June 30, 2025 and 2024 were \$324,499 and \$390,377, respectively. The decrease was mainly due to the full amortization of certain debt discounts before 2025.

Interest Expense

Interest expense for the six months ended June 30, 2025 and 2024 were \$124,169 and \$499,727, respectively. The decrease was mainly due to (i) the full amortization of certain debt discounts before 2025 and (ii) the accrual of interest pursuant to the California Superior Court for Orange County's amended judgement in favor of Pellecome during 2024.

Loss on Settlement of Debt

Loss on settlement of debt for the six months ended June 30, 2025 and 2024 were \$187,514 and \$0, respectively. The increase is mainly due to the amendments to promissory notes during 2025, which were treated as an extinguishment of the old debts and an issuance of the new debts.

Grant Income

During the six months ended June 30, 2025 and 2024, the Company recognized grant income of \$568,249 as compared to \$631,630 for the comparable period last year. The decrease in grant income was due to:

(i) On May 7, 2021, the FDA cleared the Company's Investigational New Drug Application (IND) application for BICX104. On August 27, 2021, the Company received a Notice of Award from the United States Department of Health and Human Services for a grant from National Institute on Drug Abuse UH3. The grant provides for \$3,453,367 in funding during the third year subject to the terms and conditions specified in the grant, including satisfactory progress of project and the availability of funds. On March 31, 2022, the Company received a Notice of Award from the United States Department of Health and Human Services for a grant from National Institute on Drug Abuse. The grant provides for \$99,431 in additional funding during the third year subject to the terms and conditions specified in the grant, including satisfactory progress of project and the availability of funds. The funds are available to reimburse the Company for certain incurred direct costs and 17% of indirect costs. Indirect costs are costs that are not directly related to the project itself but are required to conduct the research and are critical to the success of the project and the organization as a whole.

(ii) on March 1, 2024 the Company's subsidiary BioCorRx Pharmaceuticals Inc received a Notice of Award from the United States Department of Health and Human Services for a grant from National Institute on Drug Abuse U01 for the Methamphetamine Use Disorder Studies. The grant provides for \$4,131,122 in funding during the first year subjects to terms and conditions specified in the grant, including satisfactory progress of project and availability of funds.

Change in fair value of upfront purchase price liability

Change in fair value of upfront purchase price liability for the six months ended June 30, 2025 was a loss of \$4,894. As part of the consideration to the Seller for the purchase of the assets on March 4, 2025, the Company shall pay upfront purchase price of \$400,000 via Seller's retention, until such amounts equal \$400,000 of 50% of the Net Sales (as defined in the APA) of Lucemyra and 50% of the Net Distributable Profits (as defined in the APA) of the generic version of Lucemyra. The upfront purchase price is representative of contingent consideration, which shall be remeasured to fair value through earnings at each reporting period until the contingency is resolved.

Change in fair value of royalty liability

Change in fair value of royalty liability for the six months ended June 30, 2025 was a gain of \$31,324. As part of the consideration to the Seller for the purchase of the assets on March 4, 2025, the Company shall pay to the Seller a royalty equal to 3% of the Net Sales of Lucemyra and 3% of the Net Distributable Profits of the generic version of Lucemyra on a calendar quarter basis. Royalty payments shall commence on the date of the acquisition and shall continue for a period of 5 years following the date of the acquisition. The royalty payment is representative of contingent consideration, which shall be remeasured to fair value through earnings at each reporting period until the contingency is resolved.

Other Miscellaneous Income

Other miscellaneous income for the six months ended June 30, 2025 and 2024 were \$164,329 and \$125,059, respectively. The miscellaneous income for the six months ended June 30, 2025 was mainly due to the refundable tax credit received from Internal Revenue Service. The miscellaneous income for the six months ended June 30, 2024 was mainly due to the grant pass-through expenses incurred.

Net Loss

For the six months ended June 30, 2025, the Company experienced a net loss of \$2,229,040 compared with a net loss of \$2,471,459 for the six months ended June 30, 2024. The decrease in net loss is primarily due to the increased revenues and the decreased interest expenses, net of the increased operating expenses and decreased grant income.

Liquidity and Capital Resources

As of June 30, 2025, the Company had cash of \$111,872. The following table provides a summary of the Company's net cash flows from operating, investing, and financing activities.

	2025	2024
Net cash used in operating activities	\$ (816,122)	\$ (491,541)
Net cash provided by financing activities	839,961	434,684
Net increase (decrease) in cash	23,839	(56,857)
Cash, beginning of period	88,033	65,222
Cash, end of period	\$ 111,872	\$ 8,365

The Company has historically sought and continue to seek financing from private sources to move its business plan forward. In order to satisfy the financial commitments, the Company had relied upon private party financing that has inherent risks in terms of availability and adequacy of funding.

On March 1, 2024, the Company's subsidiary BioCorRx Pharmaceuticals Inc. was awarded a grant of \$11,029,977 from the National Institutes of Health's National Institute on Drug Abuse, ("NIDA"). The grant provides the Company with additional resources for the ongoing research of BICX104, a sustained release naltrexone implant for the treatment of methamphetamine use disorder. The grant provides for (i) \$4,131,123 in funding during the first year, (ii) \$3,638,268 during the second-year, and (iii) \$3,260,586 during the third-year subject to the terms and conditions specified in the grant, including satisfactory progress of project and the availability of funds. Government grants are agreements that generally provide cost reimbursement for certain types of expenditures in return for research and development activities over a contractually defined period.

Net Cash Flow from Operating Activities

Net cash used in operating activities was \$816,122 for the six months ended June 30, 2025 compared to \$491,541 used in operating activities for the six months ended June 30, 2024. The decrease was primarily due to non-cash adjustments of \$136,715, an increase in operating assets of \$212,887, and a decrease in operating liabilities of \$217,398, but net a decrease in net loss of \$242,419.

Net Cash Flow from Financing Activities

Net cash provided by financing activities increased by \$405,277, from \$434,684 provided by financing activities for the six months ended June 30, 2024 to \$839,961 cash provided by financing activities for the six months ended June 30, 2025.

During the six months ended June 30, 2025, the Company received \$35,200 advances from Lourdes Felix, and \$812,500 advances from Mr. Lucido. During the six months ended June 30, 2025, the Company repaid \$7,000 to Lourdes Felix.

During the six months ended June 30, 2024, the Company issued an unsecured promissory note payable to a third party with principal and interest due December 14, 2024, with a stated interest rate of 8% per annum. The cash proceeds of the promissory note was \$200,000, and the principal amount of the promissory note was \$220,000.

During the six months ended June 30, 2024, the Company received \$63,970 advances from Lourdes Felix, and \$171,426 advances from Mr. Lucido.

Going Concern

The Company's financial statements are prepared in accordance with generally accepted accounting principles applicable to a going concern. This contemplates the realization of assets and the liquidation of liabilities in the normal course of business. As of June 30, 2025, the Company had a working capital deficit of \$(14,031,643), and an accumulated deficit of \$85,283,967. The Company has not yet generated any significant revenues, and has incurred net losses since inception. These conditions raise substantial doubt about the Company's ability to continue as a going concern for the next twelve-month period since the date of the financial statements were issued.

The Company believes that its current cash on hand will not be sufficient to fund its projected operating requirements for the next twelve months since the date of the issuance of the financial statements.

The Company will be dependent upon the raising of additional capital through placement of its common stock in order to implement the Company's business plan or by using outside financing. There can be no assurance that the Company will be successful in these situations in order to continue as a going concern. The Company is funding its operations by additional borrowings and some shareholder advances.

Off Balance Sheet Arrangements

The Company does not have any off balance sheet arrangements that have or are reasonably likely to have a current or future effect on its financial condition, changes in financial condition, sales or expenses, results of operations, liquidity or capital expenditures, or capital resources that are material to an investment in its securities.

Critical Accounting Estimates

Our significant accounting policies are described in Note 2 to our unaudited condensed consolidated financial statements. The Company's consolidated financial statements are prepared in accordance with GAAP. The preparation of these unaudited condensed consolidated financial statements requires management to make assumptions and estimates that affect the reported results of operations and financial position. The following is a discussion of the accounting policies, estimates and judgments that management believes are most significant in the application of GAAP used in the preparation of our unaudited condensed consolidated financial statements. These accounting policies, among others, may involve a high degree of complexity and judgment on the part of management. Further, these estimates and other factors, including those outside of our control could have significant adverse impact to our financial condition, results of operations and cash flows.

Income taxes

Deferred income tax assets and liabilities are determined based on the estimated future tax effects of net operating loss and credit carry forwards and temporary differences between the tax basis of assets and liabilities and their respective financial reporting amounts measured at the current enacted tax rates. The Company records an estimated valuation allowance on its deferred income tax assets if it is more likely than not that these deferred income tax assets will not be realized. The Company recognizes a tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. The tax benefits recognized in the consolidated financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. Refer to Note 2 to our unaudited condensed consolidated financial statements.

Loss contingencies

Loss contingencies are existing conditions, situations or circumstances involving uncertainty as to possible loss that will ultimately be resolved when future events occur or fail to occur. Such contingencies include, but are not limited to, environmental obligations, litigation, regulatory investigations and proceedings, product quality and losses resulting from other events and developments. When a loss is considered probable and reasonably estimable, we record a liability in the amount of our best estimate for the ultimate loss. When there appears to be a range of possible costs with equal likelihood, liabilities are based on the low-end of such range. However, the likelihood of a loss with respect to a particular contingency is often difficult to predict and determining a meaningful estimate of the loss or a range of loss may not be practicable based on the information available and the potential effect of future events and negotiations with or decisions by third parties that will determine the ultimate resolution of the contingency. Moreover, it is not uncommon for such matters to be resolved over many years, during which time relevant developments and new information must be continuously evaluated to determine both the likelihood of potential loss and whether it is possible to reasonably estimate a range of possible loss. Disclosure is provided for material loss contingencies when a loss is probable but a reasonable estimate cannot be made, and when it is reasonably possible that a loss will be incurred or the amount of a loss will exceed the recorded provision. We regularly review contingencies to determine whether the likelihood of loss has changed and to assess whether a reasonable estimate of the loss or range of loss can be made. Refer to Note 18 to our unaudited condensed consolidated financial statements.

Business Combinations and Contingent Consideration

Business combinations are accounted for using the acquisition method. The Company allocates the fair value of the purchase price of an acquisition to the assets acquired and liabilities assumed, based on their estimated fair values as of the date of acquisition. The excess of the fair value of the purchase price over the fair values of these net tangible and intangible assets acquired is recorded as goodwill. Acquisition-related expenses are recognized separately from the business combination and expensed as incurred.

Certain business combinations include contingent consideration arrangements, which are generally based on achievement of future financial performance or future events. If it is determined the contingent consideration arrangement is not compensatory, the Company estimates fair value of contingent consideration payments as part of the initial purchase price and records the estimated fair value of contingent consideration as a liability in the condensed consolidated balance sheet. The Company reviews and assesses the estimated fair value of contingent consideration each reporting period, and the updated fair value could differ materially from the initial estimates. Adjustments to estimated fair value related to changes in fair value are reported in the consolidated statements of operations.

Refer to Note 2 to our unaudited condensed consolidated financial statements.

Goodwill

Goodwill represents the excess of the purchase price in a business combination over the fair value of net assets acquired. Goodwill is not amortized but tested annually for impairment or when indicators of impairment are present. The test for goodwill impairment involves a qualitative assessment of impairment indicators. If indicators are present, a quantitative test of impairment is performed. Goodwill impairment, if any, is determined by comparing the reporting unit's fair value to its carrying value. An impairment loss is recognized in an amount equal to the excess of the reporting unit's carrying value over its fair value, up to the amount of goodwill allocated to the reporting unit. The Company's policy is to review goodwill for impairment annually unless a triggering event requires an analysis sooner. Refer to Note 2 to our unaudited condensed consolidated financial statements.

Research and development costs

The Company accounts for research and development costs in accordance with the Accounting Standards Codification subtopic 730-10, Research and Development ("ASC 730-10"). Under ASC 730-10, all research and development costs must be charged to expense as incurred. Accordingly, internal research and development costs are expensed as incurred. Third-party research and development costs are expensed when the contracted work has been performed or as milestone results have been achieved. Company-sponsored research and development costs related to both present and future products are expensed in the period incurred. Refer to Note 2 to our unaudited condensed consolidated financial statements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not required under Regulation S-K for "smaller reporting companies."

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

We have adopted and maintain disclosure controls and procedures that are designed to provide reasonable assurance that information required to be disclosed in the reports filed under the Exchange Act, such as this Quarterly Report on Form 10-Q, is collected, recorded, processed, summarized and reported within the time periods specified in the rules of the SEC. Our disclosure controls and procedures are also designed to ensure that such information is accumulated and communicated to management to allow timely decisions regarding required disclosure. Based upon the most recent evaluation of internal controls over financial reporting, our Chief Executive Officer (our principal executive officer) and our Chief Financial Officer (our principal financial officer) identified material weaknesses in our internal control over financial reporting. The material weaknesses identified to date include (i) policies and procedures which are not yet adequately documented. We retain a third party with relevant expertise to support us and assist us in enhancing our policies and procedures, (ii) insufficient GAAP experience regarding complex transactions and reporting, and (iii) an insufficient number of staff to maintain optimal segregation of duties and levels of oversight resulting from our small size and testing of the operating effectiveness of the controls. As of June 30, 2025, based on evaluation of our disclosure controls and procedures, management concluded that our disclosure controls and procedures were not effective.

Notwithstanding the material weaknesses described above, our management, including the Chief Executive Officer and Chief Financial Officer, has concluded that financial statements, and other financial information included in this quarterly report, fairly present in all material respects our financial condition, results of operations, and cash flows as of and for the periods presented in this quarterly report.

Changes in Internal Controls

There has been no change in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act) that occurred during the quarter ended June 30, 2025 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

- (1) The Company initiated litigation in 2019 based on a claim that Pellecome and Dr. Orbeck utilized the Company's confidential information to advance their own weight loss product.

The Company dismissed this litigation without prejudice in July 2021.

On March 30, 2022, the court entered judgment in favor of Pellecome as an individual defendant whereby the Company was ordered to pay Pellecome total costs and attorneys' fees of \$235,886. Pursuant to the judgment, this amount is accruing interest at the rate of ten percent (10%) per annum from October 6, 2021 (the date of the original award of attorneys' fees by the court which was followed by a number of filings by each party through February 2022).

On May 27, 2022, the Company filed a notice of appeal with California Superior Court for Orange County regarding the March 30, 2022 judgment entered in favor of Pellecome. On February 2, 2023, the Company filed a motion requesting the California Superior Court for Orange County reverse and remand its prior ruling, including reversing the granting of Pellecome \$222,933 in attorney's fees. On October 4, 2023 the Court of Appeal of the State of California upheld the March 30, 2022 judgement in favor of Pellecome whereby \$222,933 was awarded in attorney's fees. On January 5, 2024 the California Superior Court for Orange County entered an amended judgement of \$332,503 in favor of Pellecome for costs and attorneys' fees, in addition to the \$332,503 judgement the Company owes accrued interest of \$94,816. On March 11, 2025, the Company entered into a Settlement Agreement with Pellecome pursuant to which the Company shall pay to Pellecome \$418,000 to settle the claims. As of June 30, 2025, \$258,000 remains outstanding.

- (2) In July 2025, the Company received notice of a civil complaint that had been filed in the Western District of Washington and styled Andrew P. Malon ex rel. United States v. Biocorr, Inc, LLC and Biocorr Pharmaceuticals, Inc., No. 2:24-cv-01099. The complaint was filed by a relator under seal in July 2024 pursuant to the qui tam provisions in the federal False Claims Act. Prior to the unsealing of the complaint, the government declined to intervene in the case. The case, therefore, is being pursued only by the relator and his counsel. The complaint alleges the Company violated terms and conditions of an NIH/NIDA grant with regard to research overhead and accounting entries for non-research staff, as well as changing project scope without obtaining NIH approval in advance. BioCorRx Inc. and BioCorRx Pharmaceuticals, Inc. have specially appeared to challenge service and jurisdiction and they intend to vigorously contest this matter.

ITEM 1A. RISK FACTORS

Not required under Regulation S-K for "smaller reporting companies."

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

The shares of common stock listed below were issued pursuant to the exemption from the registration requirements of the Securities Act of 1933, as amended, afforded by Section 4(a)(2) thereof for the sale of securities not involving a public offering:

During the six months ended June 30, 2025, the Company issued an aggregate of 684,082 shares of its common stock for services rendered valued at \$241,345 based on the underlying market value of the common stock at the date of grant among which 148,046 shares valued at \$56,538 were issued to the board of directors for board compensation. No gain or loss was recognized.

During the six months ended June 30, 2025, the Company issued an aggregate of 104,500 shares as consideration to the holders of promissory notes entering into the amended agreements to the promissory notes (see Note 10). The 104,500 shares of common stock were valued at an aggregate value of \$36,800.

During the six months ended June 30, 2025, the Company issued 1,770,452 shares of its common stock at \$0.41 per share in connection with conversion of the promissory note then outstanding of \$725,000. As the fair value of the shares issued equaled the carrying amount of the note, no gain or loss was recognized. During the six months ended June 30, 2025, the Company also issued 585,394 shares of its common stock at \$0.34 per share in connection with conversion of the promissory note then outstanding of \$200,000. As the fair value of the shares issued equaled the carrying amount of the note, no gain or loss was recognized. During the six months ended June 30, 2025, the Company also issued 103,627 shares of its common stock at \$0.39 per share in connection with conversion of accounts payable of \$40,000. As the fair value of the shares issued equaled the carrying amount of the note, no gain or loss was recognized.

During the six months ended June 30, 2025, one holder of the warrants elected to exercise their warrants on a cashless basis. An aggregate of 234,482 shares of common stock were issued to the holder.

During the six months ended June 30, 2025, as part of the consideration paid to the Seller for the purchase of the assets, the Company issued 500,000 shares of the Company's common stock at \$0.31 per share.

 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonable likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls over financial reporting.
